

# Responsible for Death of 11 Boys

## ALLEGED BURGLAR IS ARRESTED BY POLICE

Had Jewelry Stolen in Various  
New England Cities—Claims to  
be in Consumption

John J. Kearns, charged with breaking and entering the room of Wm. H. Pollock in Central street, and stealing therefrom articles of clothing and jewelry and three sets of fancy dice, was arraigned in police court this morning. He had been arrested last night by Officer J. H. Clark and Inspector Martin Maher. The alleged break was committed on Wednesday. Last evening the officers met the man in Merrimack street and recognized him from a description given by a person who saw him enter the room. He had a ladies' neck chain and locket of old pattern and in the locket was a photo of a man and a child. He also had a ladies' gold watch and chain. This morning, he said he is 22 years of age and lives in the South End, Boston. He said he had been employed at the state sanitarium for tuberculosis patients at North Reading for two and a half years, and he himself became affected and suffered a severe hemorrhage. According to his statements he came to Lowell last Wednesday and committed several thefts. Later he went to Haverhill and then to Concord, N. H., and visited three or four houses there. He believes the ladies' locket and chain was taken in Concord, while the watch and chain were taken in a Manchester house. Some of the Lowell property, he said, was disposed of in Manchester. Mr. Robt. B. Wood of Fort Hill ave. called at the station to examine the articles but failed to identify any of them as his.

Defendant said he never has been arrested before and stated that he hoped he will be sent to Rutland where he may receive treatment for his malady. His case was continued till next Wednesday while the police investigate with a view to connecting him with other breaks in this city. He entered a plea of guilty.

**Other Cases Disposed of**  
George Sandas, charged with violating the milk law, had his case continued to July 24.

Charles Avar was accused of unlawfully removing baggage and was given a chance to settle up, the case being continued to August 19. The trial of Andrew Lambros, charged with assault and battery, was postponed to July 21.

**List of Drunks**  
Quite a gathering of drunken offenders were arraigned. Patrick Kelley was sent to jail for 20 days while John Campbell was sentenced to the state farm and appealed. A Mr. McMahon appeared to complain against his two sons, Richard and Thomas, who were charged with drunkenness. He said both were idle and drank continually, giving him untold trouble. Richard was sent to jail for one month while Thomas was sentenced to 5 months and appealed. A two months' stay in jail was given Bartholomew J. Sheehan, a third offender and Michael Rogers was disposed of likewise. Frank Fowler will spend four months in jail. John Morley was given a month to pay a \$5 fine and committed until he settles a previous fine of \$5, still unpaid.

## DR. LAWLERS' HOUSE DAMAGED BY FIRE

Lively Blaze Destroyed Ell of the  
Building — Damage From  
Smoke Considerable

A lively blaze started in the residence of Dr. William P. Lawler, 73 Nesmith street, about 1.30 o'clock this afternoon, and damaged the house very considerably. It appears that the fire started in the kitchen or in the basement and crept up through the partitions of the ell portion of the house, breaking out on the first floor in a fierce blaze that threatened the destruction of the entire building. A telephone alarm was sent to the high street engine house and a quick response was made other pieces of apparatus arriving later. The flames were quickly gotten under control although not until a great deal of damage had been done by smoke to the parts of the house that the fire had not reached. It took the firemen over an hour to put out the fire completely. The smoke pouring out of the house was discovered by a neighbor, who sent in a telephone alarm. A short time later an alarm from box 41 was pulled in and several companies responded. When the fire broke out there was no one in the house, the family being out of town, while the doctor was attending a sick call. It is believed the fire started from an overheated stove in the basement of the ell, for a fire

was built there for the first time in several weeks, this morning. The interior of the ell part of the house is practically a total loss, while the other part of the building was greatly damaged by smoke; but the two front rooms, where there is antique furniture worth about \$4000, escaped serious damage. At the time of going to press no estimate could be placed upon the damage, although it will undoubtedly be several thousand dollars.

**"SUSPENDER JACK" EVICTED**  
McGee, Friend of Col. Roosevelt, De-livers One of His Orations to Crowd on Sidewalk

NEW YORK, July 12.—"Suspend-er Jack" McGee, friend of Col. Roosevelt, ruder and progressive gubernatorial nominator, delivered yesterday one of the orations for which he is famed. His audience comprised several hundred chauffeurs, a city marshal's crew, a lawyer, two policemen and a reporter. He had just been evicted.

Surrounding him was a litter of office furniture, including framed likenesses of George Washington, Abraham Lincoln and Theodore Roosevelt, which had adorned McGee's office in the building at Broadway and Seventy-fourth street.

McGee is a notary, renting an office which he shared with cubitors. The owners served notice to vacate. John B. Morrow of 829 Quincy street, Brooklyn, photographer, one of the sub-tenants, objected so strenuously to being evicted that he and Lawyer Thornall came to blows and the former was arrested. His case was put over until Monday by Magistrate Schultz in the West Side court.

## CITY OFFICIAL BLAMED FOR BATH HOUSE TRAGEDY

Judge Mahoney Says Unfortunate Cal-  
amity at Lawrence Was Due to  
Negligence of Supt. Battershill

LAWRENCE, July 19.—In his finding today of the inquest held recently on the drowning of eleven boys at one of the city bath-houses, June 30, Judge Mahoney places the blame on John O. Battershill, superintendent of public property, on the grounds of unsafe and insufficient construction of the runway which collapsed between shore and the bath-house, letting nearly 50 boys into the water.

After reviewing the evidence, Judge Mahoney concluded: "I am forced to the conclusion and so find that this unfortunate calamity was due primarily to the negligence of the superintendent of public property, John O. Battershill, in that the proper precautionary measures were not adopted by him to guard against the thoughtless conduct of these children, which said conduct was undoubtedly a contributing cause to the accident."

## GREAT ODD FELLOWS OUTING WALSH FOR GOVERNOR

Manchester Unity Lodges of Mer-  
rimack Valley at Canobie—  
About 7000 Attend

With excellent weather prevailing, the first annual joint outing and field day of the Independent Order of Odd Fellows and Odd Ladies, Manchester Unity, was held today at Canobie Lake park. The affair proved to be a grand success and all lodges within a radius of 50 miles were well represented at the park.

Beginning early this morning special cars arrived at the picnic grounds from this and other cities, filled with the picnickers, most of whom were women and children. During the afternoon the cars arrived in large numbers and by 2 o'clock about 7000 people had gathered at the park, about 2000 of which are said to be residents of this city.

In the morning a special program was arranged for the children and a large number of the younger people took part in these events. The races

were well contested and created considerable interest in the throngs of people who gathered to witness them. The morning program was as follows: Fifty yard race for boys from 8 to 12 years of age 50 yards dash for girls from 10 to 14 years of age; three-legged race for boys under 15 years of age; skip-rope contest for girls; 100 yards dash for boys from 12 to 16 years.

To those who did not wish to witness the sports there were several other amusements, such as music, dancing and boating, while many sought recreation in the beautiful grove on the edge of the lake. No effort on the part of the committee in charge of this brilliant affair had been spared and the day was just full of amuse-

## CANDIDATES FILE PAPERS

Early Birds Out With  
Nomination Papers

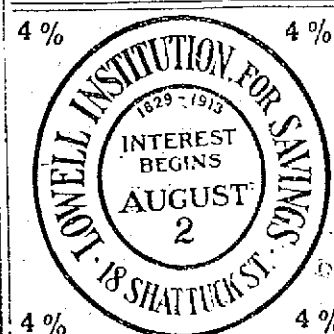

The following named candidates for representative and senatorial honors had filed their nomination papers with the city clerk up to the noon hour today:

**Representatives**—  
Thomas J. Mullarkey, 50 Mt. Washington st., 17th district.  
Fred Crowley, Dracut, 14th district.  
Charles F. Donohoe, 22 Butler avenue, 16th district.  
Francis P. Ronan, 15 Boynton street, 14th representative.

John R. Kiggins, 12 Agawam street, 19th district.

Charles T. Killpatrick has filed his nomination papers for the 5th senatorial district. Mr. Killpatrick lives at 607 Stevens street.

While no papers have been filed by candidates for the nomination in the 15th representative district. It is pretty well understood that the candidates are Dennis Murphy, John E. Kearns and John Queenan.

If you want help at home or in your business, try The Sun "Want" column.

## Lieutenant Governor An- nounces Candidacy

WORCESTER, July 19.—Lieut. Gov. Walsh today formally announced his candidacy for the democratic nomi-

HON. DAVID I. WALSH

tion for governor. Mr. Walsh's home is in Fitchburg. It was stated by those authorized by him to announce the candidacy of Mr. Walsh that the lieutenant governor was preparing a letter in which his attitude toward the nomination would be set forth in detail and given to the press for publication probably on Monday morning.

## CITY HALL NOTES

Purchasing Agent Foye has received a requisition from the street department for 55,550 feet of spruce lumber for the repair and reconstruction of bridges. Bids will open at the office of the purchasing agent on Wednesday at 10 a. m.

The Spindle City band will give a concert on the North Common tomorrow, Sunday night, at 8 o'clock. This will be the first in a series of municipal band concerts to be held on the North and South commons.

## REPORT OF LICENSE BOARD PUBLISHED

Review of Work Done—Greater  
Supervision Over Amusement  
Resorts—Revenues Increased

The annual report of the license commission has been completed and is filed at city hall. The report is a most exhaustive one and contains numerous interesting and important facts regarding the license department and its operation and regulations.

Following are amounts received for the various liquor licenses: Sixty-four common victuallers of the first class at \$1300... \$ 81,300  
Thirty-one dealers of the 4th class, at \$1200... 37,200  
Eleven innholders of the first class, at \$1800... 19,800  
One brewer of the fifth class at \$2000... 2,000  
Six clubs of the special class at \$300... 1,800  
46 druggists of the sixth class, at \$1... 46  
Two dealers in paints and chemicals, to sell pure alcohol, at \$1... 2

Total... \$142,748

## Expenditures

Following is a table of amounts showing the distribution of the receipts and expenditures for licenses:

Liquor license fees... \$142,748.00  
State tax... 35,857.00

Receipts for city... \$107,051.00  
Minor license fees... 6,789.50

Total receipts for the city \$113,850.50

Amount of money received for licenses and turned into the city treasury, minus state tax... \$113,850.50

Expense for maintenance of the department... 3,988.06

Surplus... \$109,862.44

On May 1, 1913, says the report, a new rule went into effect, requiring dealers of the fourth class to obtain permits for the drivers of their delivery wagons. These drivers when licensed are furnished with cards which they must carry at all times while in the exercise of their employment. The drivers have to fulfil certain conditions in order to receive the permits.

The sum of \$6,789.50 has been received for the past year for the minor licenses issued. This represents the largest revenue ever received from this source. This fact is brought out by figures from the reports from the year 1907 to the present time. The 1913 receipts from the minor licenses are about \$500 in excess of the amount received from the same source the year previous.

The report is signed by the members of the license commission, John J. Mullarkey, Charles H. Hanson and Thomas P. Boulger.

## MAYOR ASKED TO APPEAR LOBBY COMMITTEE RESTS

Before the Investigating Will Push Work at Next  
Committee at Boston Week's Session

Mayor O'Donnell has been requested to appear before the investigating committee of the legislature at the state house on Tuesday afternoon, 2 o'clock. The committee is investigating the tuberculosis situation in Massachusetts and considerable stress is being laid upon the disposition of cities to shirk their responsibilities relative to the erection of contagious disease or isolation hospitals. The committee will ask the mayor to explain why Lowell has neglected to establish an isolation hospital after having been requested to do so by the state board of health. The mayor has been requested to take anybody and everybody along on Tuesday who is or are in any way interested in the hospital question, and it is expected that the mayor will be accompanied by other members of the municipal council and the chairman and agent of the board of health.

## Shoe Store Leased

It is reported that the proprietors of the Waldorf lunch have leased the shoe store which adjoins their present quarters on Merrimack street in order to add to the size of their dining room. The occupants of the shoe store will vacate as soon after the first of August as possible.

Mr. and Mrs. Freeman M. Bill and daughters, Marion and Ruth, will spend the next ten days or two weeks motoring through New York state. Mr. Bill and family left Lowell this forenoon and will go by Pittsfield and Albany as far as Buffalo, N. Y. Mr. Bill will combine business with pleasure and will visit several business concerns en route.

## Announcement!

Mr. Thomas H. Lawler wishes to announce to the people of Lowell and vicinity that he has purchased the business and good will of Charles M. Potter, successor to W. E. Potter & Son, real estate brokers, Hildreth building.

With a business experience of 25 years here in Lowell, and an intimate knowledge of the real estate business gained by study and personal investigation and experience, Mr. Lawler feels confident of satisfactorily meeting the needs of the public.

The house of W. E. Potter & Sons has enjoyed a large patronage for the past 36 years. During that time it has put through many of Lowell's largest real estate deals.

Mr. Lawler will also carry on in connection with the above, the business of insurance. This branch of the business will include insurance of every kind, Fire, Life, Liability, Automobile, Accident, Health, Plate Glass, Burglary and Theft. Bonding Insurance will be given special attention.

If you have property of any kind to sell or exchange, or if you desire to purchase property of any kind, or to place insurance of any description, call and see Mr. Lawler at his real estate and insurance office, 213 Hildreth building.

# ONE KILLED IN STEAMER FIRE NEEDLESS SUNDAY WORK BARRED

## City of Bangor Badly Damaged—Men Leaped Into Water and Rescued Fireman

### Act to Take Effect October 1 Will Stop All Unnecessary Labor on Sundays

BOSTON, July 19.—An unidentified man was killed today when a fire broke out on the City of Bangor, a steamer of the Eastern Steamship corporation, which was tied up at Foster's wharf.

For a time the fire assumed threatening proportions, endangering a large portion of the water front. The property of the Nantuxet Steamboat company and the Boston, Bangor and Lynn railroad. Several large boats on the wharf were threatened on account of the heavy smoke, and car traffic was interrupted. The loss was placed at between \$50,000 and \$75,000. The cause is believed to have been spontaneous combustion.

The dead man was not connected with the boat, according to Capt. Blair of the City of Bangor. The body was found on the main deck, forward, a short distance from the forecastle. The fire had been extinguished, but the man was about 25 years of age, weighed 120 pounds and was 5 feet 6 inches in height. The only article which may lead to his identification is a handkerchief with the initials "C. C." The body was taken to the North Grove street morgue.

Watchman George Barton, 57 years of age, of the City of Bangor, was the man burned. He was scorching about the face, ears and head, and was taken to the relief hospital. His condition is not serious.

The following act providing for one day's rest in seven will take effect on the first day of October. It will stop a considerable portion of the Sunday work that is now carried on without any real necessity. It is known as chapter 613 of the acts of 1913, being an act to regulate the days of employment in certain manufacturing and mercantile establishments. The act is as follows:

Section 1. Every employer of labor, whether a person, partnership or corporation, engaged in carrying on any manufacturing or mercantile establishment in this commonwealth as hereinafter defined shall allow every person, except those specified in section two, employed in such manufacturing or mercantile establishment at least 24 consecutive hours of rest in every seven consecutive days. No employer shall operate any such manufacturing or mercantile establishment on Sunday, unless he shall have complied with the provisions of section three; but this act shall not authorize any work on Sunday now authorized by law.

Section 2. This act shall not apply to (a) janitors; (b) watchmen; (c) employees whose duties include work on Sunday other than (1) setting, mending, or repairing machinery; (2) caring for live animals; (3) maintaining fire; (4) caring for machinery; (5) employees engaged in the preparation, printing, publication, sale or delivery of newspapers; (6) any labor called for by an emergency that could not reasonably have been anticipated.

Section 3. Before operating on Sunday, every employer shall post in a conspicuous place on the premises a schedule containing a list of his employees who are required or allowed to work on Sunday and designating the day of rest for each, and shall file a copy of such schedule with the state board of labor and industries. The employer shall promptly file with the said board a copy of every change in such schedule. No employee shall be required or allowed to work on the day of rest so designated for him.

Section 4. Every employer to whose employees the provisions of this act apply shall keep a time book showing the names and addresses of all employees and the hours worked by each of them in each day, and such time book shall be open to inspection by the state board of labor and industries.

Section 5. In this act "manufacturing establishments" and "mercantile establishments" shall have the meaning defined in section 17 of chapter 514 of the acts of the year 1905, except that neither of said terms shall be held to include establishments used for the manufacture or distribution of gas, electricity, milk or water, hotels, restaurants, drug stores, livery stables or garages.

Section 6. All acts and parts of acts inconsistent herewith are hereby repealed, but this act shall not be construed as repealing chapter 420 of the acts of the year 1903, or any part thereof.

Section 8. This act shall take effect on the first day of October, 1913.

## RUN ON NEW HAVEN BANK

### Thousands of Dollars Withdrawn

NEW HAVEN, July 19.—Thousands of dollars were yesterday withdrawn from the New Haven Savings Bank, regarded as one of the strongest banks in the state, in an all-day run on the institution. The bank paid all deposits promptly and during the day is reported to be in a sound financial condition.

Later yesterday afternoon a meeting of the officers and trustees was held, after which a statement was issued saying that "the officers and trustees of the New Haven Savings Bank desire to state without any qualification that the bank is able to pay every one of its depositors in full and that there is no occasion for the slightest alarm."

Just before the usual closing hour the streets in front of the bank were jammed with people. Benjamin Slade, a lawyer, made what he said was a voluntary statement to the crowd to the effect that he was convinced the bank was sound. He said he was one of the largest depositors and that during the day he had offered to make a deposit of \$50,000, but the offer was refused by the bank officials. Mr. Slade said further:

"The rumor effecting the bank started in an unfortunate manner, as the result of overzealousness on the part of solicitors seeking deposits for a bank that has started a savings department. Its solicitors stated that 'National banks are more solid than New Haven savings banks,' and the public cut off the letter 's' and construed the statement to mean that the New Haven Savings bank was not solid."

His remarks apparently had considerable effect, for the crowd, most of whom were foreigners, soon dispersed.

The officers of the bank are: Pres. Lewis H. English and Sec. Treas. Jas. S. Hemingway. Samuel S. Hemingway, vice president, is president of the Second National Bank, and James S. Hemingway is one of its vice presidents. Both are directors of the New York, New Haven & Hartford Railroad. Charles S. Mellen is a director of the Second National Bank.

The bank's assets are given as more than \$15,000,000 and the deposits slightly in excess of \$17,000,000.

## BOMB IN PARCEL POST

### Inferral Machine Sent to New York

NEW YORK, July 19.—The postal authorities are thoroughly aroused over the discovery of what is believed to have been the first bomb or inferral machine sent through the parcel post. The entire machinery of the postal department at Washington and the secret service has been set to work on the case. The bomb was sent from New Britain, Conn.

The case is a profound mystery. No motive has been found as yet for the sending of the machine. It was sent to Jacques Franck, a traveling salesman, who occupies the top floor of the Alviner apartment house at 710 West 10th street.

That Franck was not blown to atoms is a miracle. Only his sense of hearing in detecting a cracking sound as he was untangling the parcel, which he thought contained some socks, saved his life.

He shook the box then, and some black powder sifted out. He touched a match and it flashed up. He summoned the watch superintendent of the building, John Hanson, and then the police. Investigation proved the box was one of the deadliest inferral machines ever seen and the first ever sent via parcel post.

It contained two pounds of powder in two nickel-plated steel tubes. Emery paper and matches were rolled on to ignite the fuse. It was somewhat like that sent Jacob Schiff six years ago, surpassing it, if anything, in deadliness.

# CHILDLESS WOMEN

These women—once childless, now happy and physically well with healthy children—will tell you all this possible. Here are names and addresses—write them if you want to, and learn for yourself. They are only a few out of many thousands.

"Our first baby is strong and healthy and we attribute this result to the timely use of your Compound."

Mrs. FRED JOHNSON, Kent, Oregon.

"I owe my life and my baby's good health to your Compound."

Mrs. W. O. SPENCER, R. D. No. 2, Troy, Alabama.

"I have three children and took your Compound each time."

Mrs. JONES HOWARD, Wilmington, Vermont.

"I have a lovely baby boy and you can tell every one that he is a 'Pinkham' baby."

Mrs. LUCAS ELLIS, 32 Munroe St., Cambridge, N. J.

"We are at last blessed with a sweet little baby girl."

Mrs. G. A. LARSEN, Montclair, La.

# A FREE-FOR-ALL FIGHT BARBERS TO STRIKE AGAIN LOCOMOTIVE BLEW UP

## Women Injured in Row in Boston

BOSTON, July 19.—Several men and women were injured in a free-for-all fight at the corner of Leverett and Causeway streets, near the North station, late yesterday afternoon before the arrival of the police, who quickly dispelled the crowd. Two arrests were made.

## Officers Arrived During Excitement and Arrest Two

One Captured After a Lively Chase—Both Men Cut and Bruised and Covered With Mud

BOSTON, July 19.—Joseph Medeiros, 17 years old, of 5 Cambridge street, Cambridge, was captured by Inspector William Rooney of police headquarters after an exciting chase to the Cambridge line. Philip Lane, 38 years old, of 135 Baker avenue, Roxbury, put up a stout fight with Patrolman Tomlinson of the foot street station, who managed to hold the man until the arrival of the patrol wagon. Both men were locked up on charges of mutual assault and battery. The police say that they started the trouble.

N. A. Kaplan, a fish dealer, living at 53 Leverett street was beaten in the fight. It is alleged by Lane while the police were chasing Medeiros. The other men who were hurt refused to give their names. They were cut and bruised and covered with mud from rolling in the street. An additional charge, being under the influence of liquor, was made against Lane at the police station.

Medeiros and Lane fought in the middle of the street for some little time and a large crowd was attracted. Someone cried out that Lane was trying to pull a hammer from his hip pocket. Others thought that Medeiros had a revolver and was trying to draw it. At this point several men took a hand in the affair. One struck Medeiros and he fell to the ground. Lane was about to follow up this advantage when he was struck from behind. Medeiros got to his feet and the fighting resumed. Several women were hemmed in the crowd close to the fighters and were jostled about. One woman fainted.

Inspector Rooney then appeared on the scene and took a hand in the fight. He was told that Medeiros had a gun and he made a jump to capture him.

Medeiros darted down to Brighton street and across the Cambridge bridge. Inspector Rooney jumped on a car and called to a Metropolitan police officer on the bridge who went to his assistance. The two officers finally captured Medeiros. He was brought to police headquarters.

## Young Man Was Rescued From Niagara's Brink

NIAGARA FALLS, N. Y., July 13.—Truman Chapman, 22 years old of Hamilton, Ont., was rescued from the very brink of the American falls last night by four men, one of whom took desperate chances to reach him. Chapman was sitting on the iron railing just above Prospect point about 9 o'clock when he was seen by suddenly topple backwards and fall into the stream. After striking the water Chapman's body lodged against two small projections of rock and this undoubtedly saved him from almost instant death.

John Hughes and Thomas S. Winders of Niagara Falls, Thomas D. Thomas of Toronto and a fourth man who did not give his name, leaped over the railing. Hughes, Winders and Thomas formed in a chain from the iron fence and clinging to the unknown's hand, enabled him to reach Chapman. Twice the man at the end of the chain was swept from his feet but he clung desperately to his helpless burden and the united efforts of the three men nearest who had better footing finally swung the two of them out of the grasp of the current. Chapman, relatives said, was subject to fits and undoubtedly was stricken while sitting on the railing.

## PRISONER RISKS LIFE

### And Just for That Gets Pardon

WASHINGTON, July 19.—The loyalty of a prisoner acting as a trusted sentinel who risked his life to capture an escaping fellow convict, caused the president yesterday to free Benjamin Bell, serving a sentence of 11 months and 25 days in the District of Columbia jail for robbery. While Bell was on guard a prisoner armed with a knife scaled the outside surrounding the jail. The unarmed prisoner chased and overpowered the fleeing man and returned him to jail. The superintendent reported to the president that he did not believe there was an officer in the institution who would have done as well.

## COUNTERFEITER PARDONED

WASHINGTON, July 19.—M. R. Little, who has served three years of a four-year sentence given him at Springfield, Mo., for passing counterfeit gold coins was given his liberty yesterday by President Wilson, because the sentence seemed unusually severe.

## ACCIDENTALLY KILLED

### Boy Thought to be Son of N. Y. Judge Shot

MONTREAL, July 19.—A message from Ayer's Cliff, near North Hatley last night, told of the accidental death by shooting there of a 13-year-old youth named Parker, said to be the son of a judge of New York city or vicinity. Ayer's Cliff is in an inaccessible locality and efforts to communicate with the town after the receipt of the first message and definitely establish the victim's identity failed. The social directory shows that Judge Charles Parker of the New Jersey supreme court, living in Jersey City has a summer home at North Hatley and the young man shot and killed is believed here to be one of his sons. The Ayer despatch said he died from a bullet wound inflicted by a companion while a party of young men were practicing revolver shooting at a target.

## THE PERRY CENTENNIAL

### Closing Exercises at Lorain, Ohio

LORAIN, Ohio, July 19.—Over a hundred gaily decorated boats filed up and down the river past Perry's flagship, the Niagara last night, sending up fireworks from their decks, as the closing ceremony in this city's Perry centennial celebration. Sunday morning the Niagara and her escort will host anchor for Put-in-Bay and in the afternoon the re-built flagship will be towed to the actual scene of the battle which made her famous.

HOUSTON, Tex., July 19.—The explosion of the locomotive of a passenger train on the Texas & New Orleans railroad between Houston and Beaumont, brought almost instant death to Engineer Alfred Tyler and G. S. Montamit, both of Houston. Two mail clerks and six passengers received minor injuries and the baggage and mail cars were dented following the explosion.

## If Mothers Only Knew!

By Dr. True

Nineteen-twentieths of the sickness of children have two causes: constipation and worms!

The danger of constipation is understood, but there are 50 different kinds of worms that may exist in the stomach and bowels, and children are especially apt to have them. Usually stomach and pin worms, signs of worms are: Indigestion, with a variable appetite; abnormal craving for sweets, nausea and vomiting; swollen upper lip; four tongue; offensive breath; hard and full belly with occasional griping and pains about the navel; face at one time flushed, then pale and in a few cases the face takes on a "dull" leaden blue; eyes heavy and dull, twitching eyelids; itching of the nose; itching of the rectum; short, dry cough; grinding of the teeth; stirring during sleep; loss of sleep; pulse quickened and irregular; body may be hot and often, in children, convulsions.

"Rid the child of worms and you will have a healthy, happy child."

NOTE—Dr. True's own prescription, sold under the name of Dr. True's Elixir, is the best remedy in the world for worms. It destroys all worm life, expels worms from the body and makes the child healthy again. All dealers, 35c, 50c and \$1.00.

## COTTON BUSINESS IS GOOD HERE

This is Dull Season But Mills Are Kept Running—Other Mill News of Interest

Despite the fact that this is the dull season in the cotton industry, business in the local mills is reported as being fairly good, and the agents say they have enough work to keep all the help busy. Some of the mills have reopened after giving their employees their annual vacation, while others are not yet prepared to shut down. Last year all the cotton mills were closed for two weeks, but it seems that in certain plants there are too many orders on hand to enable them to give the help a rest.

At the Massachusetts mill this morning Agent Mitchell stated business was fairly good. "This is the quietest time of the year," said Mr. Mitchell, "but nevertheless we have plenty of work for the help in our employ. Orders are plentiful and every department of the plant is running full time."

**Tremont & Suffolk**  
The Tremont & Suffolk mill there has plenty to do and it is stated departments are running over. M. A. Rawlinson, the new agent, will take up his new position on Aug. 1, when Agent Connell will leave the country home. The paper says: "The Tremont & Suffolk can make or lose a lot of money. One year it made a million dollars net, and another year it lost almost as much. Today it ought to make a large amount of money. It has in Treasurer, one of the best cotton men in the country. Mr. M. A. Rawlinson, the new agent, is a great manufacturer and Catlin & Co. is a strong selling house."

A big cotton goods man in New York who is in close touch with Frederick Fanning, Ayer, the chief stockholder in the Tremont & Suffolk mills, says that the best thing that the Tremont & Suffolk has done recently is in returning M. A. Rawlinson to the Tremont & Suffolk mill as agent. Mr. Rawlinson left the Tremont & Suffolk some years ago, and this cotton goods man says that Mr. Rawlinson left, despite the firm's insistence of Smith, Hogg & Co., the then selling agents of the Tremont & Suffolk, that he be retained. The cotton goods man continues that some time ago, before the Tremont & Suffolk account left Smith, Hogg & Co., the commission house insisted on certain changes at the mill and put it right up to the directors of the Tremont & Suffolk, that the corporation would either have to make these changes or get a new selling house."

**The Appleton Company**  
The Cotton and Wool Reporter of July 11 has the following items relative to the Appleton Co. and the Tremont & Suffolk mills:

"The Appleton Company of Lowell, Mass., have founded out their plant and now have close to 3000 looms, the total being brought up to that figure through the completion, a few months ago, of a new mill between 700 and 800 looms. The Appleton is busy in every department and is wholly sold up, including the new mill. The Appleton are making a very popular line of goods, which are 'treasures' and the stock sheet shows that there are no goods on hand beyond a very few cases."

"The Appleton goods are sold by Catlin & Company, and Arthur Cummock, a son of Treasurer A. G. Cummock of that firm. Catlin & Company is one of the biggest and strongest commission houses in the cotton goods trade, and this is the only big commission house which caters to the money. As a matter of fact, Catlin & Company have not borrowed any money for more than thirteen years."

**Business Picking Up**  
After a dull period of more than a month, the South Barre Wool Combing Co.'s plant at South Barre, Mass., has set to work its full quota of wool sorters. With the sorters hard at work on commission orders, the plant is running at full capacity. The firm's scourers and combs wool on commission. Its business is taken as an index to the state of the wool trade the country over.

**Reduced Stock**  
The authorized capital stock of the Methuen Company has been reduced from \$400,000 to \$300,000, by the cancellation of 1000 shares of preferred stock.

**Annual Vacation**  
The plant of C. S. Dodge, manufacturer of shoddy machinery, patent picker, pins, etc., in this city, will be closed for the annual vacation and repairs from August 16 to September 2.

**Made a Change**  
J. W. Campbell, recently a member of the Saco-Lowell textile force, formerly with the Dan River cotton mill, Danville, Va., has accepted a position as second hand in spinning with the Erie cotton mills, No. 4, West Durham, N. C.

**Silesia Mill**  
The entire plant of the Silesia mill in North Chelmsford will reopen Monday after a shut-down of a week, during which the employees were given their annual vacation.

**Patterson Rubber Co.**  
The new plant of the Patterson Rubber Co., manufacturers of automobile tires, which was started a couple of months ago, is doing very well, and the place is a very busy one. The force of employees is being gradually increased and orders are plentiful. All departments are now running at full swing and already some of the goods have been shipped away. This place before many months it is believed, will employ several hundred help.

**Overseer Leaves Root**  
A number of the employees of the Boot mills gathered this noon at the residence of Mr. James Ward, a club as a token of their esteem and a reminder of their friendship and loyalty. Mr. Ward, who today resigned his position at the Boot mills to take up a position in North Chelmsford, was taken completely by surprise, but managed to respond with a few appropriate words of thanks. He received

the sincere wishes of all for success in his new field.

**The Cotton Crop**  
The starting to sell by the southern holders, who are trying to get rid of some very heavy holdings of cotton, in face of the expected good supply from the present crop, together with the letting go by many of the northern speculators, has put the cotton market in a rather weak condition, and further declines in values are expected by the cotton men. Not weather in Texas was made the basis of bullish arguments, but the men who tried to force up prices on the claim that the crop was damaged met with but very little success.

In general, the cotton market is now purely a weather market and growing conditions in the south are being watched with a careful eye. Of course with a planted area of over 35,000,000 acres it could not be very well expected to have the weather ideal in all sections, and especially in face of the uneven distribution of rainfall. But this year the weather conditions in general, up to the present time, have been very favorable and the crop is reported to be progressing in a very successful manner. In fact there is a strong belief among the men who are in direct touch with the situation that the late start in many of the sections of the cotton growing area has been nearly made up. Of course the crop is not up to the condition of the bumper crop of 1911, but it now gives full promise of surpassing the yield of 1912, which was second only to the record making production of 1911. The many private advices that the year contains far less complaints as to weather than they have for some few years, and the reports of the traveling agents in the south are also very optimistic. In fact, the whole outlook up to the present time is a very cheerful one, and should the weather continue to be good for growing conditions, there should be an ample yield of cotton this year to be added to the already good supply of cotton on hand and in the mills.

With a good yield of cotton there should be a very little opportunity, outside of speculative operations, for high prices, and in the face of a large yield the speculators would be rather timid in buying up cotton to hold for high prices.

**EXPECT TO COP PENNANT**  
Senators are Confident of Winning Out

ST. LOUIS, Mo., July 19.—Manager Griffith of the Washington Americans sent his star pitchers, Johnson and Voelbling, to Chicago last night to go for the series with the White Sox, which opens Sunday. He planned to work Engel, who shot out the Browns on Thursday in the final game of the St. Louis series today.

"I am anxious to make a clean sweep of the series," said Griffith, "and I believe Engel can turn the trick, even though he has had only one day's rest."

Confident of overtaking Cleveland before the end of the present trip, the Washingtonians again have strong pennant aspirations.

## COMMUNICATION

**The Hospital Site**

The following communication relative to the proposed hospital site is from a prominent citizen:

Mr. Editor:  
As a citizen of Lowell I would like to inquire if it is true that this Chase land suggested by the municipal council was offered to the former hospital commission for \$2500; if it is true that real estate speculators have secured an option upon about 20 acres of this land, of which are to be sold to the city at from \$5,000 to \$8,000, the rest later as a gravel bank?

I would also like to know if a site containing 12 acres on higher land in the same locality and with plenty of trees cannot be bought for \$1750? The Annet land and that of Mr. Ward, making altogether over twelve acres, adjoins the present tuberculosis camp and is well adapted for hospital purposes.

I would also like to ask if the Chase site can be provided with a sewer for less than \$15,000?

Hoping to get some information on these points.

Respectfully yours,  
Tax Payer.

In reply to our correspondent we cannot say whether the Chase land now under consideration was offered to the city in the past at any price, nor can we say whether the land is to be offered to the city in whole or in part for \$5000 or \$8000 as stated. We can tell no doubt when the three men appointed to appraise the land make their report.

We learn, however, that Mr. Robert E. Crowley has charge of the land in question, together with some other land in that locality. Mr. Crowley in conversation with a Sun representative today denied that this land had been offered to the city at the price stated. He says he has the land for sale and will sell it to the city if he gets a fair price, not otherwise. He states that he has not seen any city official relative to the land, nor has he had any communication from the municipal board or anybody representing the city. He denies absolutely that there is any scheme to unload this land on the city, stating that if the land is sold to the city the entire transaction will be open and above board. Mr. Crowley states the sewerage problem will not be expensive.

## GIFT FROM VANDERBILT

Old Moravian Church at New Dorp, Staten Island, Gets \$12,500 Toward Parish Building

NEW YORK, July 19.—William K. Vanderbilt, in behalf of the Vanderbilt family, has offered the Moravian church at New Dorp, Staten Island, \$12,500 on condition that it raise \$12,500

Though the cost is but five cents, Uneeda Biscuit are too good, too nourishing, too crisp, to be bought merely as an economy.

Buy them because of their freshness—because of their crispness—because of their goodness—because of their nourishment.

Always 5 cents. Always fresh, crisp and clean.

NATIONAL BISCUIT COMPANY

## CUMMINS ATTACKS TARIFF BILL

Says it Discriminates Against West in Favor of East—Also Criticizes Pres. Wilson

WASHINGTON, July 19.—Senator Cummins, opening the tariff debate today for the progressive republicans, declared that the republican party last year, in the face of the fact that the country was in a state of depression, had insisted upon maintenance of import duties, many of which were unnecessarily oppressively high.

"The democratic party," he asserted, "will soon be overtaken with like disaster because it is about to inflict upon the country a tariff law which, with respect to many things, invites the perils of free trade and which from end to end grievously discriminates against the west in favor of the east—that is to say—in favor of the manufacturer against the farmer."

"The republican craft went down in the whirlpool of Socialism in 1912 and its democratic successor is seeking straight for the rocks of Chautauque where it will go to pieces in the stress of 1916."

"There is a passageway to safety and prosperity. The progressive republicans charted it in 1909 and they will chart it again in 1916. Some time the American people will make the trip under these plans but in the meantime we must suffer another shipwreck bearing its hardships as I hope we will with patriotism and fortitude."

**Criticizes Pres. Wilson**  
Besides pointing out many things that he considered destructive and entirely unnecessary in the bill, Senator Cummins criticized the president for his influence exerted upon members of congress concerning the tariff bill, an influence which he said was so persistent and determined that it becomes coercive.

"I do not charge nor do I believe," said Senator Cummins, "that the president in terms bars this power for executive subordination but I do say

that without better knowledge of the consequences that may follow executive independence will bring about all the evils of actual wrong doing unless the most scrupulous care is exercised in communications between the president and members of congress. It lies with the president himself to mark out the path of propriety and to pursue such a course as will enable every member of the legislative branch of our public affairs to feel free and unrestrained in every vote he casts."

"So long as the president is permitted to set up a standard of loyalty to the party to which he may belong and condemn every man who does not accept it and so long as these in congress vote under the apprehension that they may suffer from the presidential power controlled by his judgment instead of their own, so long congress will deserve the contempt of all true lovers of free and representative government."

**No Regard for Farmer**  
The senator declared the democrats had treated the farmer as an outlaw in making up the bill that many of the products of the farm were entitled to protection and said:

"I am not one of those who believe that general disaster will necessarily follow the enactment of the bill now before us. Unquestionably it will increase the importation and diminish the home production of a great many things and will force into idleness many workmen but I hope that its effect in that respect will not reach the proportions of an industrial revolution. It is easy to see, however, that the measures which must necessarily follow might be aggravated by other causes into general disaster."

**REPAIR SEIZED GUNS**  
Put Into Service by the Rebels

DOUGLAS, Ariz., July 19.—The two largest of the eight field guns captured from the federals have been repaired at the Cananea machine shops and are on the way to the front today to be used in the siege of Guaymas.

**MULHALL IN DEMAND**  
To Testify in Philadelphia Next Week

PHILADELPHIA, July 19.—Martin Mulhall, the former agent of the National Association of Manufacturers, is expected to come to this city next week to testify in the investigation by the Philadelphia Central labor union regarding some of the charges Mulhall has made at the senatorial inquiry at Washington against local labor leaders affiliated with the Central labor union.

**OFF TO THE BEACH**  
X-10 Girls Will Spend Two Weeks at Old Orchard—Home Cottage Their Rendezvous

The members of the X-10 Girls' club, which is composed of popular employees of the Lawrence hosiery, left this morning for Old Orchard beach, where they will spend two weeks of rest at the home cottage. The young women were given a royal send-off by their many friends, who escorted them to the station.

The members of the club are Anna Heister, president; Anna Courchaine, secretary; Lucy Williams, treasurer; Lena Pantan, Anna Nord, Mabel Lafayette, Ethel Williams, Della Ayotte and Eva Courchaine.

## VESSEL IS PRACTICALLY RUINED

Damage to City of Bangor Much Heavier Than Was Reported —Loss \$100,000

BOSTON, July 19.—A preliminary survey made today on the steamer City of Bangor, which burned at her moorings yesterday, indicates that the damage is much heavier than was thought at first. The vessel is practically ruined with the exception of her hull and machinery, and the loss, according to Vice President Jones of the Eastern S. S. corporation will not be less than \$100,000.

The steamer lies at the Atlantic Works, East Boston, and William McKie, her builder, is making an examination on behalf of the owners. The

company intends to rebuild the boat and to incorporate a number of improvements during the process.

The city of Rockland has shared the Kennebec run with the city of Bangor and now has all the work to do. No other boat at the company's disposal can navigate the Kennebec faster than Bath.

For the remainder of the season the city of Rockland will make four round trips in each direction every week, leaving Maine ports on Tuesday and Thursday evenings, Saturday mornings and Sunday nights.

## RENEW ARBITRATION TREATIES

Bryan Had Executive Conference With Foreign Relations Committee Today

WASHINGTON, July 19.—Secretary Bryan had an executive conference with the senate foreign relations committee at the capitol today and while the Mexican situation was touched upon it was said the primary object of the meeting was to consider renewals of arbitration treaties with Great Britain, France and other countries.

Renewals were delayed some time ago upon objection of Senator Chamberlain to the treaty with Great Brit-

ain. His feared renewal might compel the United States to arbitrate the Panama canal tolls dispute.

President Wilson had expressed to Chairman Bacon a wish that the new treaties be ratified and Secretary Bryan had predicted they would be. The proposed treaty with Nicaragua, providing for the payment of a large sum by the United States in return for an exclusive canal route and certain naval base sites was discussed but the conference did not result in definite action.

**BACK FROM SIBERIA**

Thomas McSorley Tells of His Travels

CALLED ON MAYOR O'DONNELL AT CITY HALL

He Would Not Advise Anybody to Go to Siberia—He Was Employed by an English Mining Company

Thomas McSorley, fresh from the Siberian deserts, was a visitor at the city hall this morning. He was introduced by Francis Connor, inspector of buildings, and the visitor passed a very pleasant hour with the mayor.

While Mr. McSorley was not born in this city he feels a very strong attachment for the place inasmuch as his parents lived here and he has relatives living here at the present time.

Mr. McSorley said that his parents left here in '63 for California, where they made their home. Mr. McSorley's home is in San Francisco and he left for Siberia over two years ago. He is a mining engineer and was employed in that capacity by an English syndicate that purchased valuable copper mines from a Russian concern. The mines are located at Kirgisa Steps, 300 miles from a railroad, and all of the toting back and forth is done by camels. The camels make the trip, one way, in about six days. Then they rest a day and strike the treacherous portage again.

McSorley talked very interestingly of his trip and he is not in love with Siberia. He would not advise the young men of this country to migrate to Siberia. "It is too far out of the world," he said. The climate there is not very pleasant or attractive.

The mercurial thermometer at 10 below in winter months and shoots to 110 and 115 in the few short summer months.

Mr. McSorley says the mines at which he was engaged are not yet operative. The territory, however, had been mined by the Kalmucks hundreds of years ago, but their operations were only on the surface. There is a coal mine, too, near the copper mine but the quality of the coal is very poor. It took Mr. Sorley 32 days to reach the mining camp from his home in San Francisco. He left for home July 5th and came through Moscow and St. Petersburg. "So," McSorley is Mr. McSorley's cousin and he visited Sorley by not more than two or three days in Paris.

Mr. McSorley will spend two or three days in Lowell and will then leave for his home in California.

**NEW SLAVE AT MERIT SYSTEM**

Charles S. Hartman's Nomination to Displace Minister Schuyler Is Criticized

WASHINGTON, July 19.—The nomination of Charles S. Hartman of Montana to be minister to Ecuador, which was sent to the senate yesterday, is regarded here as conclusive evidence that the merit system in the diplomatic corps is to be disregarded by the administration.

Hartman displaces a young man, Montgomery Schuyler, who never was in politics and who worked up from the lowest grade of diplomatic service with a fine education to help him. Schuyler was promoted last year from the secretaryship of the embassy at Mexico City to be minister to Ecuador.

It has been thought that even if older men who have risen to the grade of minister were ousted Schuyler certainly would be retained because of his non-political career and his devotion to diplomatic work.

Mr. Schuyler is 35 years old and a native of Connecticut. He was educated at Columbia university. He served successively at the embassy in St. Petersburg, at the legation in Bangkok, as secretary, and as consul-general in Serbia and Romania, secretary at St. Petersburg, secretary at Tokyo and then secretary at Mexico City.

Messrs. Homer L. P. Turcotte, Wolfer P. Caisse, Jr., J. O. Smith, and Ernest J. Dupont, will spend the coming week at Long-Sought-For pond.

If at all Particular

Drink

MOXIE

MILITARY MEN AGOG

All Ready For Camp

Manoeuvres.

NEW BAND OF MUSICIANS MUSTERED IN

New Organization for Lowell to Be Known as Sixth Regiment Band of Massachusetts

All is now in readiness for the annual camp with the members of the various companies of the National Guards and there is now a more enthusiastic crowd in town for this annual event is always looked for with great interest. It is at this time of the year that an old militiaman cannot very well refrain from exclaiming and every year new recruits are taken in. The boys enjoy this camp life although it is but a week and is surrounded with hardships of all descriptions and when the announcement is made that the encampment is near at hand they are all a happy lot.

The camp this year will be held in the vicinity of West Barnstable from July 27 to August 3 inclusive. The members of the local companies of the Sixth regiment, Companies C and E, were notified they would leave Lowell on the morning of July 27, and were told to report at Mattapoisett, Mass., where they will meet other companies of this regiment.

Long before this order was received, however, the local companies had been in readiness and their only hope was that the camp be held the soonest possible, for they are longing to renew old acquaintances in military circles. The men will leave Lowell by special train at 6 a. m. and the first day they will see to their own rations, to be later reimbursed by the state.

They will go in heavy marching order and will take along with them the light cooking range. They are not taking the wagons with them, for transportation will be furnished at their end. The camp will be held at the proximity of Barnard's bay, which means that there will be plenty of water for the militiamen.

The camp will last eight days, four of which will be spent in field maneuvers, while the others will consist of camp exercises. A feature will be the local companies this year is that they will be accompanied by a full brass band, the Sixth regiment band, which will also be provided with vaudeville entertainment by members of the various companies, and an elaborate program of military sports will be carried out.

Co. M will probably leave Lowell on the same date, but it is expected they will join other companies of the Ninth regiment in Boston. From there they will proceed to the vicinity of West Dunstable.

**Promotions**  
Corporal Charles Ganley of Co. G has been promoted to the rank of sergeant, to fill the position made vacant by the expiration of Sergt. Jenkins' enlistment, and Private Timothy Barry was promoted to corporal.

**New Arrival**  
Capt. George W. Peterson of Co. C is passing around the best brand of cigars on the occasion of a new arrival at his home, this week, the new born child being a boy, who the captain says, will later succeed in military circles.

**ROY PRESIDES OVER SENATE**  
Three Year Old Youngster Named After Vice-President Marshall Sits on His Knee

WASHINGTON, July 19.—Vice-President Marshall presided over the senate yesterday while Marshall Sutherland, aged 3, sat on his knee. The youngster is a son of the Rev. Dr. Sutherland, pastor of the First Presbyterian church of Berkeley Springs, W. Va.

Dr. Sutherland was pastor of the Presbyterian church in Indianapolis which Vice President Marshall attended while governor of Indiana. The child was born while Mr. Marshall was governor and was named for him. Several weeks ago the vice-president and Mrs. Marshall went to Berkeley Springs to visit Dr. Sutherland and brought the child to Washington, where they have since entertained him in their apartments at the Shoreham.

Each time he has driven to the capitol in the vice-president's car. The vice president and Mrs. Marshall have decided to go to Berkeley Springs for the week end and will return the youngster to his parents at that time.

**FUNERAL NOTICES**  
SEAVEY—Died, July 15th, in this city, David H. Seavey, aged 2 years, 11 months, and 24 days, at the home of his parents, Mr. and Mrs. Seavey, 58 Hadley st. # THE HAWKINSES ARE IN TOWN

## Hiram and His Wife Mandy See New York and "Californy" From Roof of Sun Building

Personal: Mr. and Mrs. Hiram Hawkins of Hawkinsville, out Pelham way, were in the city today. It was their first visit to Lowell in more than twenty years.

It is my honor to have Hiram and his wife, Mandy, on my list of friends, having recently spent a day at their place several years ago. On my side, the friendship has rather fallen off, for in the daily routine of business there was not much time for such recollections. I was not forgotten by Hiram, however, and he took pains to notify me of their visit. They were to make the journey to Lowell from Pelham via electric. My first intimation of their arrival came when I rushed down to the square just a moment after the Canobie Lake car had pulled in, and saw a large crowd gathered about the conveyance. Knowing the two good country folks as I did, the first thought that entered my head was "Hiram and his wife have come." I was not wrong and I arrived on the scene just in time to prevent a tragedy. Hiram with one leg over the guard rail on the left side of the car was vainly endeavoring to get his other foot from under the seat where it had become caught. He was being assisted by Mrs. Hawkins, who was pulling excitedly and energetically at the leg of his trousers in an effort to disengage him. That cussed pole was not there when we got on," were the words that came from Mrs. Hawkins as I drew near. He paid no attention whatever to the other passengers who alighted on the correct side, which was unobstructed, but believing that both sides were all right, had tried to climb over the rail before the others had noticed him. Hiram was not going to be carried by his destination, not so with the aid of the conductor, motorman, several passengers and yours truly. Hiram and his wife were gotten safely to the street. Mandy instead of trying to get over the rail slipped out under it, but as she backed out she bumped into a car on the other track. Officer Mike Wynne who chanced to be nearby dispersed the crowd and Hiram, thinking he was the conductor, immediately made for him and started to give him a call about his uncouth methods of treating passengers. "He is not the conductor," I whispered in his ear. "He's a cop."

"A what?" said Hiram sharply. "A cop, a policeman, a constable," I said desperately. "Well, I'm a young fellow," he said turning to the policeman, "I apologize for taking you for a conductor, but bless me, the last time I was in the city, the officers wore high hats and long coats and ye could tell 'em comin' a mile. Excuse me."

"Oh, that's all right," said Mike genially, "anybody's liable to make a mistake." Then Officer Wynne turned to a with a wicked wink and said, "Visit from Uncle Hiram?" "Yes," I replied; "but how the deuce did you know his name was Hiram?" By the way, Mike, I went on, "you might stick close behind us for the day, I am pretty sure to need you."

**Mandy Seen a Motorcycle**  
During this conversation Mrs. Hawkins was doing an energetic dance in the street as she madly strove to dodge the autos, teams, bicycles, etc. "Land sakes alive, I do declare if there ain't a bicycle with a steam engine on it," she exclaimed as George H. Bachelder sped by on an "Indian," what'll they be a-doin' next?"

I decided that unless I desired to have the ambulance, police patrol and fire department called to the square, I had better get my guests onto the sidewalk and I accomplished this with the assistance of Officers Wynne and Phil Murphy, the latter having been attracted to the scene by the numerous speculators who were enjoying themselves at my expense. The Sun building loomed up before me as a haven of refuge as well as a fortress against the public gaze, for from the very moment I had greeted the two visitors, I had been the capture of every eye in the vicinity.

It was up to me to show Hiram and his wife the sights. Here was the newest and biggest attraction in Lowell, the Sun building, and to reach it I would not be obliged to parade the streets. So I bade the officers farewell at the doorway, Mr. and Mrs. Hawkins stopping to shake hands with them and invite them up to Hawkinsville on a visit, saying, "Ye can stay as long as ye like and we'll be mighty glad to have ye." Then taking Hiram by the arm, while he kept a close grip on Mandy, I led them within, allowing the door to close, shutting off the laughter of an over-enthusiastic crowd.

"The folks appear to be right sociable," said Hiram, swelling his chest. "I guess they know Squire Hiram Hawkins is in town, eh young man?" "I guess they do," I readily agreed. "I decided to conduct Mr. and Mrs. Hawkins to the top floor where the brains, (pardon me) I mean the machinery of the big newspaper plant is located, and consequently I led them to the elevator. George, the handsome and gallant elevator boy, looked in wonder at our party, his face, taking on the expression of one who sees a ghost (though it has never been the writer's fortune to see anyone staring at a real ghost) and he could barely gasp "waaah!" which translated

means, "at which landing do you desire to pause?"

Things began to occur at this point. "Leave your things right here, Marj," said Hiram in the tones of one who desires to be regarded as familiar with the matter of fact customs of the city and at the same time he started to hand his satchel to the elevator boy. He had hardly uttered the last word when the rapid upward motion began.

**Tip In the Sun Building**  
"Ye-e-o-o-o-w!" Mrs. Hawkins emitted a screech that would have put a siren auto horn to shame. George dropped the handle that operates the lift and one could almost have sworn that his hat rose several inches on his head. The car stopped with a jerk, that caused Hiram and Mandy to think that something was about to drop. Hiram, shakingly settled his wide straw hat correctly upon his head and trembling said in a tone of attempted surprise at the terror of his wife: "Why Maw, didn't you know you was in one of them elevator things?"

"Lor bless my soul, no," she exclaimed in fright. "I thought it was a place for you and me to set our traps, and then I sposed the whole building was shootin' into the air!" George looked at me with an eye that bore a threat. We proceeded more slowly and reached the tenth floor with all hands safe and sound, though with the visitors in a rather excited condition.

Mandy on getting out made a solemn vow never to ride on an elevator again, saying the stairs were good enough for her.

All work ceased as I led them through the plant. I had to introduce them to everyone and Mrs. Hawkins took pains to invite each and everyone up to her place for a visit, an invitation which all accepted with an eagerness that was suspicious. They wanted to know everything about everything and I drew freely on my imagination in my descriptions. I introduced them to the sporting editor and in five minutes "Maw" had found out more about him than his nearest acquaintances had ever known. "You're a likely looking young fellow, and I reckon ye must have got your schooling in the country, where folks is brought up right." This was striking quite near home, I thought, and I could see Mrs. eye waver vaguely in the direction of Deane.

"You're the fellow what writes them ball-base pieces, bent ye," quoth Hiram to the sporting editor. "I know you was the minute I laid eyes on ye. You ought to see my boy Lem playing for the Hawkinsville game. Reckon ye'd be glad to get the lad to Lowell if ye could. Lem's pitching now, but it's on my farm in the hay field and he's a durn sight apter with the fork than he is with a ball. I guess, though they did used to give him 15 cents a game up at Squash-town last summer. Lem got to gallivantin' round with the money, though, with the fast bunch down in the center, and never used to show his face at hum before half past nine at night, so I made him quit and go to work. Teller, nohow."

Mrs. Hiram then gave the sporting man some excellent advice as to when to put on his winter fannels, also about keeping out of bad company and attending church, and I finally succeeded in dragging the two away, bound for the roof and a general view of the city. "Dad" got the key and let us up and I cannot even attempt to repeat the expressions of surprise and admiration and wonderment that issued from the mouths of these good country people.

I had taken the pains to provide a field glass from the office (see, we have one) and with the aid of this the two obtained the excellent view of the surrounding country. "Never was so high in all my life before," exclaimed Mrs. Hawkins in tones that trembled. "I allow as how ye can see purty far from this spot, young man," was Mrs. Hawkins' comment.

**Sees California From Roof**  
"Oh, yes, I said over there is Lawrence, you can see the people on the streets, and farther on is Haverhill, you can tell the time on the town clock there. And over here, (with a broad change of direction), is New York city; you can just see the tops of the tall buildings, and farther along is California, that is not so plain, being farther away." "Bless California, just think of that Mandy," said Hiram. I was warming up to the subject and resolved to go the limit.

"Wal, by Heck, I want tew know," was the exclamation of both as I gave each imaginary description. "Where does Hiram Hawkins live?" inquired Hiram. "I want t'ee if that boy Lem is asleep again under a hay stack in said o' workin'." This was a poser, but I pointed vaguely at the horizon, out Pelham way, saying, "Right over there, Mr. Hawkins. Of course, you know we always point that out first to strangers, but being familiar with the place, I thought it might not interest you as much as some of the other places."

"I guess Lem's a sleeper," said Mrs. Hawkins. "I can't see him around an'place."

"Wouldn't be Lem if he wa'n't."

On the tenth floor Hiram looked from a rear window and seeing the fire es-

calped exclaimed: "Wal, got dar'n! If they haven't got the stairs on the outside of the building, I guess Mandy and I will need life preservers when we get out on that er riggin'."

**Mandy Recognizes Oliver Barnes**  
We remained a while longer and then contrived a plan to get Mandy down in the elevator without her knowing anything about it. Chairs were placed in the elevator and Hiram and Mandy were asked to sit down for a minute.

We had a large photo of the Averb Quarter Century club taken at their recent outing at the beach and holding it up before Mandy we pointed out Oliver Barnes as the only Mr. Hawkins in Lowell. "Wal, rek-on," said Mandy, "that man does look like the Hawkinses. What do you think Hiram?"

In the meantime George was gently running the elevator to the street floor and had arrived there by the time Hiram had adjusted his glasses for a good look at the only Mr. Hawkins of Lowell.

"Now we'll step out to the street," I said, and Hiram and Mandy turned to look down from the tenth story, and themselves on the sidewalk in front of the crowd reading The Sun bulletin, "Where are we?" said Hiram. "On top of the Sun building," said Mandy.

Both looked up at the building amazed and totally unconscious of how they came down. "How did we get down?" said Hiram. "How did we drop?" Both expressed untold admiration as each wonder of Lowell's skyscraper was shown them. I brought them to the press room and explained to them its operation, here also drawing deeply on my imagination, on which I was leaning to have an honest pride. On the way through the building we met Bill and I duly presented him to the couple.

"After we eat, Bill will take you up to city hall and show you around," I said. "I know he will be delighted." I had been to king for an opportunity like this to put one over on Bill for some time.

They had had enough sight seeing for one morning and were perfectly willing to go in search of "vittles" and rest. They inquired where they would get most for their money in the shape of a New England boiled dinner and I conducted them up Central street, and introduced them to Mr. Portlock at Peve's.

## FOSS TO STOP EVICTIONS

### Hyde Park Strikers Not to be Disturbed He Says

BOSTON, July 19.—Gov. Foss last night flatly denied he had knowledge of the notice of eviction served upon two tenants of houses owned by the B. F. Surinveant company in Hyde park on Wednesday, and he stoutly disclaimed any intention of evicting the strikers at the Surinveant Blower Works or the Becker Milling Machine company, or their families, from any of the houses owned by the corporations in which he is financially interested.

Until I learned through the evening newspapers that notices had been served upon two of the tenants that they must vacate unless the back rent was paid, I knew nothing about the matter," he said.

"I repeat that I knew absolutely nothing about the matter, and what is more, I want to say that the report circulated about Hyde park to the effect that the wholesale eviction of strikers' families from tenements owned by the mill was a fabrication made out of whole cloth."

"Contrary to being a party to any organized plan for the eviction of the strikers, I will say now that such a thought never entered my mind. On the other hand, if ever such a plan existed, you can state positively that it would be taken by me personally to see that none of the families of former employees who struck in the Hyde Park shops will be molested."

## KNOCKED UNCONSCIOUS

### Manchester Men in Auto Accident

MANCHESTER, N. H., July 19.—Six well-known Manchester young men narrowly escaped serious injury yesterday when an automobile in which they were riding struck a rock beside the Hooksett road and they were thrown out. Three were knocked unconscious.

Alfred Goggin, Guy Chapman, Howard Steele, John Garland, Donald McIntyre and Franklin Sanborn were riding in the machine. Steele, the son of Charles D. Steele of 554 North River road, was driving. The car is badly wrecked.

They were going about 25 miles an hour when they hit an automobile bound for Manchester. Steele steered down into the gutter to avoid a collision and failed to see the rock protruding above the underbrush. With full speed on the car plowed through the brush several yards until it hit the rock. The machine stopped short with a crash and the six occupants were shot out over the wind shield and landed sprawling in the road.

Occupants of the other car saw the accident and stopped. They revived the three unconscious victims.

The blow against the rock broke the gasoline tank and nine gallons of gasoline were spilled. The wheels, mud guards, running board, seats and nearly all parts of the auto were demolished. All the party were cut and bruised.

## CHANGES IN LIBRARY CONTEST

### C. M. A. C. Leads in Class 2—Y. M. C. A. in Class 1 and St. Patrick's in Class Three

About six weeks from today The Sun will contain the verdict which will mean victory for one and defeat for many—a most disappointing character, for the contest was a very close one. The contest man shares equally the pangs that come from disappointment and always laments his inability to award every earnest coterie of workers a library to soothe the wound inflicted by defeat.

However, this is not a campaign that involves a monetary consideration to enter or pursue and defeat carries with it only the loss of the spoils of war. In a month and a half the ballot boxes will go out of commission, all voting will cease, the verdict will be locked within these walls of tin, the committee of inspection composed of representatives of voters will assist the contest man in reaching the conclusion and their verdict will be final.

The last week's voting has started the contest's pendulum swinging again, this time throwing the C. M. A. C. in class 2 a little more prominently in the limelight, the position from which they will be rapidly pushed forward to the top. These changes are, however, refreshing in a way, and make the war for books more interesting.

The B. P. O. Elks cast a very creditable vote, and a few of their strongholds were unreported. These delinquent reports also work a hardship upon other contestants. We hope next week will see a full report at hand.

St. Patrick's school seems reluctant to surrender its lead of several weeks. They are persistently at it from morning until night, and do not overlook one opportunity to procure a vote.

Remember, there is only a short time remaining, and within this time hangs the destiny of your favorite. In other words, things are going to happen, what are you going to do?

HAYWOOD COMES BACK

"Big Bill" Moved by the Action of Strikers

PATERSON, N. J., July 19.—William D. Haywood of the Industrial Workers of the World, who had permitted announcement to be made that he had retired from active participation in the silk strike because of his physical condition assumed leadership of the situation again last night. His return was prompted apparently by a resolution passed by 2500 weavers at a mass meeting yesterday afternoon urging that the operatives return to work at the best terms they could negotiate with their employers.

Haywood, Jos. G. Ettor, Adolph Lessing and George Speed, the latter a national organizer from Chicago, rebuked the strikers at a meeting and forced them to continue the strike. William Bruckman, socialist mayor of Haledon borough, was brought before a justice of the peace last night. The justice refused to sustain a charge of unlawful assemblage declaring that as mayor Bruckman was Haledon's chief peace officer, he did not violate the law in interfering as alleged for silk employees.

NEW POSTCARD COMING

Will Bear the Features of Thomas Jefferson

WASHINGTON, July 19.—The McKinley postcard is doomed to disappear. The features of the martyred president are to be removed to give way to those of Thomas Jefferson. Postmaster General Burleson has written to Senator Burton of Ohio that his decision in this regard is irrevocable. The senator had protested personally against the change and had forwarded to Mr. Burleson a protest from the McKinley club of Canton, O. The postmaster general replied that the people's endorsement of the author of the Declaration of Independence in the last election justified the change. He insisted that no slight to the memory of McKinley was meant.

## U. S. SAILORS "CLEAN UP TOWN"

Attack Socialist and I.W.W. Headquarters in Seattle—Make Bonfires of Furniture

SEATTLE, Wash., July 19.—While the officers of the Pacific fleet reserve of the United States navy were dancing at the army and navy ball in the state armory late last night and early today several hundred of their sailors and marines were marching through the streets of the city, denouncing the Industrial Workers of the World and the red flag, socking and burning Industrial Workers headquarters and in their excitement demolished a Salvation Army meeting room before leaving. The city headquarters of the moderate socialists and the radical socialists were sacked and the books and furniture carried into the street and burned. A socialist news stand on the principal street corner of the city was destroyed and the big meeting room of the Industrial Workers of the World in the south part of the city was stripped of its belongings, which were thrown from a second story window and burned in the street.

## Rioters Control Town

The police offered no resistance to the rioters. Some of the officers said that all the force was busy handling crowds attending the Golden Polish festival and no reserves were available to cope with the rioters.

The bathhouse of the cruisers Charleston, Colorado and California were most numerous among the sailors. A few uniformed members of the Washington naval militia joined with the naval men, though citizens made up most of the mob. The actual destruction of property was carried on by uniformed men, including a number of petty officers.

Secretary Daniels was at the army and navy ball when told of the extent of the damage done by the rioters. He said it would not be fair to ask him to discuss the outbreak because he knew nothing about it. Concerning his speech at the Italian club in which he glorified the Stars and Stripes and condemned the red flag, he said:

## Sec. Daniels Talks

"What I said last night concerning patriotism had no reference to any local situation. In fact I don't know anything about local troubles, if you have any."

"I did not mention the Industrial Workers of the World nor did I know that organization had obtained a foothold here. I confess that my brief talk on the day was not made here for the first time but was a repetition from my recent address at Erie, Pa."

Rear Admiral Neils, commander of the reserve fleet, expressed regret at the outbreak, of which he had heard only indefinite rumors. He was, therefore, not in a position to discuss the rioting, he said.

The official continued: "While it was at first with Secretary Daniels on the West Virginia word came from Chief of Police Hannick warning me that there might be trouble between the sailors and Industrial Workers owing to ill-feeling existing between them. I at once sent a patrol of 30 men, armed with night sticks. They were instructed to round up such disorderly men as might be found and send them to their ships."

## Socialist Loss \$2000

William Price, a socialist leader whose newsstand was wrecked early in the night, stated that the loss to the socialists would be about \$2000. The sackings of the Salvation Army's quarters by the mob was due chiefly to the finding of numerous chairs in

the place. These, the sailors believed, indicated that it was a rendezvous of Industrial Workers. By the light of matches the sailors began to break the chairs and benches. One burly blue-jacket hurled an organ off a platform and then seizing a heavy chair proceeded to demolish the organ. Suddenly one of the men tearing down a motto "God is Love" from the wall started back and said:

"Boys, we're all wrong."

A sign that had been stamped under foot read:

"God so loved the world, that He gave His only begotten son."

Some of the sailors shouted to their comrades to stop the smashing and word was passed in that the place was a Salvation Army meeting room. Some of the sailors refused to stop their demolition of the furniture, saying:

"What's the difference?"

Half a dozen policemen aided by some of the sailors cleared the building of wreckers but not until much damage had been done.

## MR. THOMAS BODKIN

Well Known Here Gets a Great Reception in Roscommon After An Absence of 50 Years

Mr. John Bodkin of Adams avenue has received a copy of the Roscommon Journal giving a lengthy account of a demonstration at Lanesboro in honor of his brother Thomas Bodkin who arrived there recently on a visit to his native place after 50 years' absence.

Mr. Bodkin hoisted the stars and stripes on the bridge crossing the Shannon and in reply to addresses of welcome made a speech expressing his pleasure at the vast improvement in the country since he left it and the prospect of still greater progress under home rule.

Mr. Bodkin has been a frequent visitor in Lowell but has resided in Providence of late.

## THOMAS DOWLE

Official of Truant Officers Association Dead at His Home in Holyoke, Mass.

Mr. Thomas F. Doyle, president of the Massachusetts State Truant Officers association, passed away at his home in Holyoke, yesterday morning. He was one of the prime movers in organizing the association and was its president for fourteen years. William F. Thornton of this city is vice-president of the association.

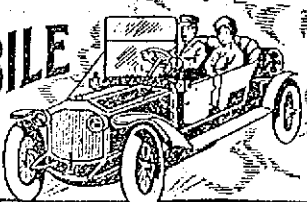

## Dourade's Ice Cream Soda and Confectionery Store

In the Old City Hall Building and adjacent in the Bradley building, are the finest in this city and no are their goods. If you want the best ice cream or soda, give them a trial and you will be a steady customer. There is nothing better than the best, and that is the only kind that is served at each of their stores. They can please you at the Boston candy stores.

## F. W. CRAGIN &amp; CO.

Lowell, Mass. MANUFACTURERS OF Cabinet Work of All Kinds to Order. Stairs and offices fitted up. Wood turning, jobbing and repairing. Old furniture repaired and finished. New furniture made to order. Telephone 46 Fletcher street.

## AUTOMOBILE NEWS

## FIRE AUTOS IN SERVICE

Philadelphia Has the "Barrett Idea"

The Municipal Journal publishes the following items of interest to motorists and cyclists:

## More Fire Autos In Service

PHILADELPHIA, Pa., July 19.—Three more of the special motor cars that have been provided for the battalion chiefs of the fire department have been put in commission. There are now in service five such vehicles and one department chief's car. Director Porter, of the department of public safety, said that during the coming week the department will advertise bids for additional fire apparatus, but just what this will include he was not ready to say. As soon as all the improved fire vehicles have been received, the director said a fire parade will be held. This probably will be next October.

## Martin Tractor Demonstrated

TOLEDO, O., July 19.—Mayor Whitlock's good opinion of motor-driven fire apparatus was strengthened when he was carried down Jefferson avenue on a motor-driven fire engine at the rate of 25 miles an hour. The mayor also enjoyed a ride on the engine drawn by a Martin tractor. The machine easily demonstrated how the heavy engine could be pulled up a hill. The Jefferson avenue and Adams street hills, from Water to Summit street were climbed without difficulty. Once the driver stopped the tractor and engine at the center of the incline, then started ahead at a good rate of speed. In going down hill the heavy engine was stopped at will and was under perfect control.

## Apparatus Sent to Loma Park Fire

SAN MATEO, CAL., July 19.—Motor-driven fire apparatus went to the aid of a sister city ten miles away, when park, a residence section of San Bruno, being threatened by fire. San Bruno, a fire without fire-fighting facilities, San Bruno appealed to San Mateo and Hillsborough, and in less than fifteen minutes the powerful auto chemical engines were on the scene. The run was made along the newly paved state highway, and the fire machines laden with firemen reached a speed of fifty-five miles per hour. The fire broke out in the home of Louis Roberts, engineer for the Spring Valley Water company, and quickly spread to the house of S. K. Frazer. Fanned by a stiff wind, the

plaza threatened to destroy all the houses that were in its path. As the flames were leaping to the next house in line the fire apparatus from San Mateo and Hillsborough arrived, and in a few minutes the fire was under control. The run was the initial one of the Hillsborough Fire department. After the fire was under control the San Mateo machine was sent back and Chief Walter A. Grant and Assistant Chief C. M. Hirsch took charge of the situation.

## Demonstrate Tractor

BOSTON, Mass., July 19.—Several manufacturers of tractors for city fire departments are busy in interesting the Boston Fire department officials in their products. A Providence concern sent a fully equipped motor-driven fire engine over the road, the trip taking only three hours and the machine was driven through the business district, stopping at various points and permitting the citizens to examine it. The driver was accompanied by Eugene M. Eyring, superintendent of the Boston Fire department repair shop. The machine stopped on School street, in front of city hall and the mayor went out to inspect it. Fire Commissioner Cole is not ready to say that the tractor for fire engines is entirely suitable for Boston's use, but included in the \$300,000 recommendation recently sent to the mayor for motor equipment, provision was made for the purchase of eight or ten tractors. They cost about \$1500 each, and can be affixed to the engines now in the department.

## St. Louis Adds to Its Automobiles

ST. LOUIS, Mo., July 19.—The automobile equipment of the city of St. Louis is growing at a rapid rate. The past week the addition of no fewer than twenty-nine machines was provided for. Five of these were Baker electric trucks, which were bought by the board of education for use in delivery service between the office of the Board of Education supply commissioner, in the Board of Education building and the schools of the city. A garage for these machines as well as for other automobiles in the service of the board has been provided on School street, just east of Grand avenue. The board has its own power plant in the Central High school, a short distance from the garage, and this plant will be used in charging the batteries of the electric trucks. Twenty-four automobiles were bought by City Supply Commissioner Joseph B. Thomas for the service of city departments, the total expenditure having been \$18,544. The new equipment includes sixteen Ford runabouts to go into the service of the building commissioner, the street commissioner and the sewer commissioner, replacing in part old equipment; four five-passenger Ford touring cars, to serve, respectively, the superintendent

## CRITICIZES DELAYS IN COURTS

Gov. Hatfield Issues Statement on Chesapeake & Ohio Railroad Case

CHARLESTOWN, W. Va., July 19.—Suggesting that the Chesapeake & Ohio R. Co. turn over to the public service committee of West Virginia the entire receipts collected in excess of the two cent passenger fare law for several years, the money to be disbursed by the state committee as a means of ending litigation arising over the law, Gov. Hatfield yesterday issued a statement criticizing the long drawn out delays to adjust matters in the courts. Since June, 1909, the railroad which had been granted an injunction collected three cents instead of two cents a mile but issued coupons for the additional cent.

The validity of the two cent law was recently upheld by the supreme court of the United States and holders of coupons demanded reimbursement. The railroad, however, has asked for an injunction against suits by coupon holders desiring that they be made to prove their title. Governor Hatfield takes the view that the railroad is not entitled to any part of the excess charges. His favor making the public service commission receiver for the fund and allowing that body to redeem coupons presented. In case there is a balance of destroyed coupons he will leave it to the legislature to dispose of the amount.

## AMUSEMENT NOTES

## Lakeview Park

As a special outdoor attraction for Lakeview park next week the management has booked Miss Albie Aykroyd and her diving girls. Miss Aykroyd, who has been pronounced by Prof. Dudley A. Sargent of Harvard university, the best physical type of the 20th century girl, is but nineteen years of age and yet is the possessor of a large number of trophies won in competitive swimming with the world's best women swimmers. Miss Aykroyd is the possessor of natural grace that enhances the exhibitions of diving and fancy swimming that she will give every afternoon and evening during her engagement at Lakeview next week. Miss Aykroyd will be assisted by a group of five girls, who are expert and proficient in the aquatic arts and some clever swimming and diving "stunts" may be looked for. It is rumored that several local swimmers of ability will challenge Miss Aykroyd during her engagement at Lakeview. The swimming races scheduled for "next week" have been postponed until next Thursday afternoon and as a special feature engagement for Thursday night, the famous Avellino band from Boston has been engaged to come to Lakeview from seven until nine o'clock. The moving pictures that are being given at the theatre, to which admission is free, will have a concert afternoon and evening.

## Fire Apparatus Wrecked

SOUTHAMPTON, N. Y., July 19.—There was great consternation among members of Southampton Hose Company No. 1 one morning recently when it was ascertained that during the night the motor hose truck, had been taken out of its house by unknown parties and almost completely wrecked. The truck had been at Bridgehampton during the evening. One of the members of the hose company says whoever had the truck was either inexperienced in driving or was intoxicated. The truck was recently acquired by the company and it took much time to get it into the hands of the company. It will be held for the purpose of making an investigation into the matter.

## Candle Lake Park

Two band concerts by the Nashua Military Band, Ralph W. Holt, director, will be given Sunday, July 20, 1913, at 4 to 5 p. m. The program: March—"Battle of Magenta." Selection—"Torquato Tasso." Suite de Ballet—"Antony and Cleopatra."

(a) The Arbor. (b) Dance of the Nubians. (c) Solo Dance. (d) Antony's Victory. (e) Cowboy Capers. Mr. Arthur Bennett. Popular Melody—"Good Bye Boys." (a) "Down Boy Capers." (b) "Down in the Deep Cellar." Paraphrase—"Down in the Deep Cellar." Potpourri—"Songs of Scotland." Final Selection—"Songs of Uncle Sam."

## Merrimack Square Theatre

For the coming week a special vaudeville and moving picture program has been arranged for the patrons of the Merrimack Square theatre. Benton Gray & Co., presenting a little tale of Texas, "A Cowboy's Girl," a sketch of life in the southwest will be the headliner. Johnny Gray, that clever banjoist and singer will be another pleasing act. Lillian Shunmy will be heard in a new illustrated song and a William Carr, Lowell's own whistler, will render his famous solos. The feature moving picture for Monday, Tuesday and Wednesday will be the latest output of the Kay Bee company, "The Failure of Success." In two reels, and Thursday Friday and Saturday "The Mutual Weekly" with other subjects will constitute a very pleasing program. The management of this popular playhouse announces that the latter part of August a carefully selected company of players will open a season of stock presenting the latest Broadway.

Miss Grace Young will be seen in several new roles which call for handsome dressing and she will introduce several new costumes in the new fashion. Walter Scott Weeks the popular favorite, will appear in all the leading juvenile roles opposite Miss Young and John Charles who last season appeared as the heavy man with the Loneragan players, will also be a member, supported by a company of clever artists including Marie Reed, Marian Johnquest, Margaret Moore, Elizabeth Nice, Frank De Campe, Jack Hayden, Arthur Ferris, Henry Lore and others. The new play will be produced complete in every detail and special new productions will be given each week under the direction of W. L. White, who was last season stage director for the Old Homestead.

## CHIN LEE &amp; CO.

Chinese and American Restaurant Dining rooms reserved for ladies, for private parties. This restaurant is open from 11.30 a. m. to 1 a. m., including Sundays, 11 Merrimack st., near John st. Telephone 1322.

## If you have never had a Dish of Chop Suey go to the

PEKIN RESTAURANT Cor. Central and Middle Streets Up one flight. Every kind of American and Chinese cooking. Quick service. Open Sundays. Give us a call.

## AMATEUR BASEBALL

The Tigers say they are now ready to give the same old address of the Union as they did last year. The Tigers, who are willing, may, eager to arrange games with any of the 12 or 13 years old teams in the city. They will play the Union of North Chelmsford tomorrow, provided the Union agree to pay one-half the car fare of the visiting team. The Tigers would like to play for a 250 ball a side.

The Unions have been hollering for a game with the Tigers and now is their chance. Things may be easily arranged if they but make haste to accept the above challenge. It looks, however, as though there is nothing to it but the Tigers.

The Buntlings are matched to play the Shawlights tomorrow on the grounds in South Lowell and a hard fought game is promised.

The St. Anthony's A. C. is to line up against the Greek team tomorrow on the North common. Rivalry between the two teams is intense.

The Pawtucket Stars would like to challenge any team under eleven years of age. Send challenge through this paper or to Edward Vincent, 61 5th Ave., Pawtucket, R. I.

## A SOURCE OF COMFORT

Howard's Lilac Cream overcomes the roughening effects of sun, wind, and dust. Removes the smart of sunburn at once if used shortly after exposure. For chafing, after shaving, pimples, moth itch, or other skin irritation, it is excellent. Two sizes, 25c and 50c; also free samples for the asking. Sold by A. G. Pollard Co., F. & E. Bailey & Co., and Howard, the druggist, 197 Central street.

NEW 7-ROOM STEAM HEATED house, with attic, for sale, on Inland st., near Chelmsford st. This house has all the modern improvements, and plenty of land. The best bought with the place. This is in a desirable place for anyone who is looking for a home. Will sell on easy terms. A. A. Brown, 73 Inland st. Tel. 2320.

## MUNICIPAL BOND BIDS SEN. JAMES A. REED PRODUCTS OF FORESTS

Opened at the Office of Finance Commissioner

Lobby Probe

U. S. Sent Over \$100,000,000 Worth

When the city wants to borrow money it calls for bids on municipal loan bonds. Bids on \$168,500, 4 1/2 per cent, municipal loan bonds, \$181-1925, were opened by Commissioner Brown at his office, this forenoon. In a case of this kind it is the highest and not the lowest bidder who wins. The best offer in this particular case was made by R. L. Day & Co. of Boston, and because of the fact that five bidders were heard from, Mr. Brown allows that Lowell's financial reputation and credit is all to the good in Boston. The bids were as follows:

R. L. Day & Co. 100.512  
Blodgett & Co. 100.512  
Herrill, Oldham & Co. 100.512  
N. W. Harris & Co. 100.287  
Curtis & Sanger 100.15

The \$168,500 includes the Greenhalge school loan, the \$34,500 for unpaid street department bills for 1912, and other loans.

## CHANGE IN TEXT BOOKS

In Public Schools Will Cost the City About \$7000—Over 10,000 New Books Ordered

It is conservatively estimated that the cost in the change of school books this year will exceed \$7000. At a recent meeting of the school board the music system was changed and that necessitated the removal of the old books from the schools and the putting in of new books.

The schools are now supplied with books and material enough to last until February. The new music readers, alone, number 3400 and there will be over 10,000 new text books. The school supply department in the basement of city hall did not look its best this morning and all because of the change in books. The old books taken from the schools are piled high in the supply room and taking them on the whole, they're a pretty tough looking bunch.

Dr. Thomas C. Carroll, of the board of health, was in Mr. Williams' office when The Sun man dropped in this morning and Mr. Williams said a doctor was representing the board of health. Some of the books looked as if they might contain a few stray germs, but just when he was not expected to locate them, he was. The books were being taken from the schools and the publishers will allow the city a little something on the old books. The new system of music adopted by the school committee is the Harmonic system and American Book Co. is the publishers.

## NOTICE

To Whom It May Concern: My wife, Emma Hamelin, having left my bed and board, I will not be responsible for any bills she may have charged to me. Signed ALBERT HAMELIN. Lowell, Mass., July 19, 1913.

WASHINGTON, July 19.—Senator James A. Reed of Missouri is the principal inquirer in the inquiry into the

charges made against National Association of Manufacturers by Colonel M. N. Mulhall. Mr. Reed is a lawyer and has long had a reputation as a skilled cross examiner.

Senator REED

More than 100 million dollars' worth of the products of the forests of the United States was sent out of the country in the fiscal year just ended, against less than half that sum in 1903, a decade ago, according to official figures of the bureau of foreign and domestic commerce. The total value of wood and manufactures thereof exported during the fiscal year 1913 amounted to approximately 120 million dollars and the bulk of this was in a crude or semi-manufactured condition. Hewn and sawed timber approximated 11 million dollars for the year; boards, deals, and planks, over 60 million and shooks and staves, over 12 million; while the higher grades of manufactures, such as doors, sash blinds, trimmings, woodenware, and furniture, formed little more than 10 per cent. of the total exports of wood and manufactures thereof. These figures of forest products exported do not include "naval stores" (tar, turpentine, and rosin), of which the exports amount to over a million dollars annually.

Pine and oak are the principal classes of timber being sent out of the country. Of the approximately 120 million dollars' worth of wood and manufactures thereof, exported in the year just ended, 37 million dollars' worth was pine timber and lumber, and approximately 15 million dollars' worth was oak. Of that going out in the more completely manufactured form, furniture amounted to approximately 7 million dollars.

The whole world seems to be demanding the products of the American forests. The oak lumber exported in 1912, for which full details are available, was distributed to a dozen countries in Europe, about 20 countries in North and South America, and smaller quantities to Asia, Oceania, and Africa. The other classes of lumber exported went to more than 75 countries and colonies, including a score of countries in Europe; more than a score of countries in North America; practically every country in South America; a dozen countries in Asia; a dozen islands in Oceania; and various countries and colonies on the eastern, western coasts of Africa.

Shooks and staves ready for use in making boxes or barrels find a wide distribution, and aggregate about 12 million dollars' value in the exports of 1913. Box shooks go in large quantities to the countries and islands of North America and in considerable quantities to South America, Asia and Oceania, while Europe was by far the largest purchaser of the approximately 6 million dollars' worth of staves exported. Doors, sash and blinds go largely to British territory—the United Kingdom, Canada, the British West Indies, Australia, and British South Africa; though Argentina, Mexico, Cuba, and Santo Domingo are limited purchasers of this class. American furniture, in also very widely distributed, going to more than a score of countries in Europe, an equal number of countries and islands in North America, every country in South America, 20 countries and colonies in Asia, a dozen in Oceania, and more than a dozen countries, colonies, and dependencies in Africa.

CHICAGO, July 19.—Building operations aggregating \$1,000,000, which have been suspended in this city since June 19, will be resumed Monday as a result of an agreement entered into last night by representatives of the labor organizations and the Construction Employers' association. The agreement calls for a permanent arbitration board and is expected to give building operations here a stability they have not known for a number of years. Forty thousand men have been out of employment during the strike. Concessions on both sides marked the agreement.

## Live Bits of Sport

Day off, yesterday.

Many local fans went to Lawrence.

"Hurray for Maranville," this afternoon at the Walpole street ball grounds, Boston.

Sam Langford has returned from Australia to San Francisco after an absence of about two years and is now looking for someone to face him in the ring. Both Arthur Peck and Jess Willard, two men who could give Langford quite a period of activity, have announced their determination to fight him but white aspirants and as yet no other man has been found to meet the colored whirlwind.

The transferring of games scheduled to be played at Fall River, to other cities has given rise to a feeling of dissatisfaction, which it must be conceded, is not unwarranted. The distasteful mercenary side of baseball is by action of this kind brought home to the lovers of the game and of clean sport in a manner that is too forceful and has turned more than one genial fan into a "knocker." And let it be said, that the presence of conscientious "knockers" men who are quick in their perception of the significance of unpopular deals is a great inducement to keep the game as clean as a professional contest where money is involved can be kept.

Baseball owners and promoters are not begrudged the profit they may gain out of the sport provided they make it sufficiently evident that it is their intention to stand for clean baseball and to eliminate the undesirable. Baseball is for the people, not for their financial advancement but for their amusement and if the men and women who are taken from the contest in order that the promoters may increase their returns, the management is due to become unpopular at once.

To the person who has been neglected in his consideration of these various phases and who as a consequence, has been fooled into believing that a team in which his hopes are centered is fighting honestly for the championship, when in reality it may be weakened daily in one way or another to enrich the owners, the conversation of a group of honest and intelligent knockers will be a decided revelation. When two or more fans get together, these things are discussed in full.

One of the principal set backs is the selling of players, a custom which is followed by the management of many

teams and which in not a few cases has received a great deal more attention than has the character and ability of the team. It should be the manager's aim to strengthen his line and to make a strong fight for the pennant, but this is impossible if his team is nothing more than a retail stock farm to which he signs up a player to sell him to one of the big teams. Instances of this are not uncommon.

And so, when the attendance at the games begins to show signs of a decline, it is not because the interest in baseball is falling off, but is rather, a sure sign that there is something radically wrong with the team or its management. These matters have been emphatically commented upon by men who have previously to this season, been ardent fans and who are now in the ranks of the confirmed knockers, not because they love the hammer, but because they have the backbone to express their honest opinion and to stand in back of it. The saying of P. T. Barnum, that the public likes to be fooled does not apply to baseball, a fact which must at the present time be evident to some of the promoters.

## SPORTING NEWS

If the American tennis team is fortunate enough to come through the final round of the Davis cup world's championship match now being played at Wimbledon, its members will face England's cup defending four on the same courts during the coming week. As was the case when McLaughlin met Wilding in the English singles titular match, it will be a case of youth and ambition vs. seasoned maturity and experience. In John C. Parke, C. P. Dixon, H. Roper-Barrett and A. W. Gore, England has a quartet of players who, if not absolutely top-rankers in the tennis world, are racquet wielders accustomed to both national and international play.

Gore held the English singles title in 1901, 1903 and 1905, finally losing to Wilding. Roper-Barrett and Dixon won the doubles honors in 1912 and Gore and Roper-Barrett in 1903. Parke represented England in the cup series of 1906, 1909 and 1912; Dixon in 1909, 1911 and 1912. Against these players the United States has two former internationalists in McLaughlin who played for the cup in 1909 and 1911, and Hackett, who was an American representative in 1908 and 1909. The lineup will probably find Roper-Bar-

rett and Dixon as England's representatives in the doubles, with Parke, Dixon and possibly Roper-Barrett in the singles. Gore is likely to be a reservist. For the United States, Maurice E. McLaughlin and R. Norris Williams 2d should play in the singles, with McLaughlin and Capt. H. H. Hackett as partners in the doubles and Wallace F. Johnson as a reserve.

During the English championships McLaughlin defeated Roper-Barrett 6-2, 8-6, 1-6, 6-2, 8-6, which was the only instance where the American and English cup players were brought together by the draw. Parke is the player most generally feared by the Americans in the singles. In the northern championships of England on June 3 he defeated Wilding, who vanquished McLaughlin a month later, in a five-set match, 6-2, 7-5, 6-8, 2-6, 7-5. This was in line with his great win from Norman E. Brookes in Australia last winter when he won 8-6, 6-3, 5-7, 6-2. Parke, as well as Dixon and Roper-Barrett, are veteran tennis strategists who will pit skill, stroke and tactics against the Americans' youth, speed and endurance.

The owners of promising field dogs are already shipping puppies to the northwest and Canada for training preparatory to the various field trials scheduled for late autumn and winter months. Several hundred young pointers and setters are at present in the hands of experienced trainers and more are arriving every day. Training on prairie chickens is considered the best possible preparation for the Derby, American Futurity and other field classics, which to the breeder of field dogs assumes the same importance that the suburban and metropolitan holds for turf enthusiasts.

The entrants for the next Derby, which is open to dogs born after January 1 of the preceding year, have a long string of workouts ahead of them before they will be ready to qualify for the field classic of the canine sporting world. Following the prairie chicken training, the dogs are gradually worked south just in advance of the cold weather. Leaving the prairies of the northwest late in September, dogs and trainers move to the southern states where they take the place of prairie chickens in the second course of field education. All through the winter and early spring the training continues, and when summer arrives the puppies, now in their second year, are sent north again for the finishing touches.

It can be seen readily that puppies whelped early in the year have a distinct advantage over those born nearer midsummer, since they reach training

ago, in time to secure virtually eighteen months of work under skillful handlers before being called upon for the Derby effort. It is this early start that is the ambition of every owner of a possible Derby contender.

During the coming autumn and winter more than thirty trials will be held throughout the country with prizes and trainers' fees amounting to thousands of dollars. These prizes and championships are as eagerly sought as the trophies and titles in other departments of sport, and the sportsman who shoots over a dog together with the man who breeds field dogs for the love of the game attends or follows the details of the trials with an interest and enthusiasm not surpassed by the devotees of baseball, racing, athletics and kindred competitions of skill and endurance.

## JOE WOOD INJURED HAND

In Game Against the Tigers Yesterday

Holding the Red Sox down to four meagre hits yesterday, Daws pitched Detroit to victory by a score of 5 to 1. Up to the eighth inning, the Boston team had connected for but one hit but in that inning, by bunting singles, they managed to tally their only run of the game. Wood, Mozeley and Hall represented Boston at the slab and altogether Detroit got eight safe ones. Joe Wood, in fielding Veatch's grounder early in the game, injured the thumb and joint of his right hand and, it is said, may not be able to pitch again for about two weeks.

## CHAPPELLE WAS NERVOUS

Chicago Recruit Talks of First Big League Game

CHICAGO, July 12.—Larry Chappelle, the colt purchased by the Chicago Americans from Milwaukee for \$15,000, spent a nervous afternoon in center-field at the South Side park yesterday. It was his first appearance in a White Sox uniform and he sighed with relief at the last out.

"Breaking in is no cinch," he announced at the clubhouse. "So much had been written about me that I felt like I ought to pound out a homer every time I went to bat. I was unlucky enough to make my bow with Chief Bender on the slab and going good. I was nervous because I knew I was being watched and so perhaps I did not do as well with the stick as ordinarily. That will wear off in a hurry. I know I can field and throw well enough to hold my own here and after I get my first hit things will look different."

## ASTOR'S BALL TEAM IN COURT

Manager Fined \$5 for Game Played on Sunday at Poughkeepsie, New York

POUGHKEEPSIE, July 15.—William Monkey, manager of Vincent Astor's Rhinebeck baseball team, and Ernest North, manager of the Red Hook baseball team, were fined yesterday \$5 each by Justice of the Peace Gedney after a long trial at Rhinebeck and the players of each team were allowed to go under a suspended sentence after pleading guilty to a violation of the Sunday baseball law.

The managers of the teams, together with the players, were arrested last Sunday by Dutchess County Sheriff Fred Hornbeck and a force of deputies as they attempted to play ball at Rhinebeck.

A petition signed by 150 residents of the two villages and a minister asking that the court be lenient with the accused ball players was presented by the attorney for the defendants.

## TRIANGLE A. A. MEET

New Club Will Present an All Star Show to Its Members at Spaulding Park on July 20th

The management of the Triangle A. A. has definitely announced its card for the next entertainment which will be held exclusively for members on the

AMERICAN CANOEIST EASILY DEFEATS  
CANADIAN AND, RETAINS THE TROPHY

NEW YORK, July 15.—Still another country has failed to lift a cup from America. The latest attempt ended when Leo Friede, representing the New York Canoe club, sailed his tiny mahogany craft across the finish line, off the Marine and Field club at Bath beach, two minutes and twelve seconds ahead of Ralph B. Britton, representing the Gananoque Canoe and Motorboat club, challenger for the historic International Sailing Canoe cup, which has been kept in this country since it was first offered in 1855. The contest was hardly a race. The Canadian never had a chance. Friede increased his lead on every round. Only before the wind did Britton show to any advantage. The contest was four times around a two mile triangle. The start was off the Marine and Field club at Bath beach in a shabby breeze that was coming from the north by west. Britton got the better of the start, slipping by the committee boat at 3:15. Friede crossed at 3:16. The first leg was a close race to a mark in the direction

of Craven shoals. Friede gybed at 3:16.30, and Britton went over at 3:16.50. The American, having gained Craven shoals, gybed at 3:20.55, and Britton followed sixty-five seconds later. Before the wind the Can-  
adian cut down the lead to fifty-five seconds, but was one minute and seven-  
teen seconds astern at the end of the second round. Pictures 1 and 2 show different views of Friede during the race. Picture 2 shows an upset in one of the minor contests.

## BOY FALLS INTO RIVER

Keene, N.H., Ball Player Was Chasing Fly

KEENE, N. H., July 12.—George Shelley, 14, left fielder on the Keene baseball team, during a practice game yesterday afternoon at the ball park, fell into the Keene river in running after a fly ball, and but for Stewart Morris, second baseman of the team, who dove into the river and rescued him, he would have probably drowned.

Morris ran into left field to receive the throw in from Shelley, and was quite near when the left fielder slipped on the bank and fell headlong into the water. He shouted to the other players and running to the river bank, plunged in.

He caught Shelley and held him above the water and swam toward the shore. A number of the players lined the bank, and when Morris neared the edge of the bank, thrust a baseball bat out for him to reach. Still holding Shelley with one hand, he caught the bat and a few seconds later was pulled ashore.

Shelley was revived within a short time and later taken to his home.

## HELD FOR MURDER

Police Say Woman Confessed to Killing Her Husband and Shipping Body in Trunk

SALT LAKE CITY, Utah, July 15.—At the conclusion of a hearing in court here yesterday, Mrs. Augustus Ekman was formally charged with first degree murder and held without bail.

Ekman and Ogden policeman related her confession of how she killed her 12-year-old daughter Frances and took her body in a trunk to Ogden.

## VALUATION \$10,036.561

Everett's Assessment Found \$93,750 More in Taxable Property Since Rate Was Recently Reduced

HAVERHILL, July 15.—The assessors yesterday announced that since the tax rate was reduced from \$12.25 to \$12 two weeks ago, they have discovered \$93,750 more in taxable property and that the total valuation of the city at present is \$40,036,561.

## CALL FOR HARKIN'S

Victim Might Have Died But for Police

Heeman's Cup of Coffee—Young Man Held in \$500

NEW YORK, July 19.—Frank R. Smith, 23 years old, a longshoreman living at 732 Hudson avenue, Brooklyn, was held in \$500 bail before Magistrate Nolan in the Tombs police court yesterday on a charge of impairing the morals of a fifteen-year-old boy by giving him beer and whiskey until the lad's life was endangered.

Patrolman Cornelius O'Neill of the Mulberry street station saw Smith at Grand and Mulberry streets at 3 o'clock yesterday morning, carrying in his arms Joseph Toye of 288 Hudson avenue, Brooklyn. The police thought the boy was dying, gave him a cup of hot coffee and sent for the ambulance from St. Vincent's hospital.

When Dr. Drepanbrock arrived he said that the boy was suffering from acute alcoholism and that O'Neill had saved his life with the coffee.

Smith was arrested.

The boy was taken to the alcoholic ward of Bellevue hospital, too ill to appear in court. He said that Smith had been giving him liquor ever since 5 o'clock Thursday night. Smith pleaded not guilty.

Henriksen to Leave Hospital

CHICAGO, July 19.—The condition of Olaf Henriksen, the Red Sox utility man, who was operated on for appendicitis here last week was so satisfactory today that his physicians expect him to leave the hospital tomorrow.

Will Lay Two New Cables

LISBON, July 19.—The Portuguese government has concluded a contract with the European and Azores Cable Company for two cables between New York, the Azores and England with the right to transfer the contract to the Commercial Cable Company.

The European and Azores Cable Company has cables between Lisbon and the Azores, which is an important cable point. The German Cable Company and the Commercial Cable Company have stations there.

## OFFICIAL BLAMED FOR DISASTER

DR. LAWLER'S HOUSE  
DAMAGED BY FIRELively Blaze Destroyed Ell of the  
Building — Damage From  
Smoke Considerable

A lively blaze started in the residence of Dr. William P. Lawler, 73 Nesmith street, about 1.30 o'clock this afternoon and damaged the house very considerably.

It appears that the fire started in the kitchen or in the basement and crept up through the partitions of the ell portion of the house, breaking out on the first floor in a fierce blaze that threatened the destruction of the entire building. A telephone alarm was sent to the High street engine house and a quick response was made other pieces of apparatus arriving later.

The flames were quickly gotten under control although not until a great deal of damage had been done by smoke to the parts of the house that the fire had not reached.

It took the firemen over an hour to put out the fire completely.

The smoke pouring out of the house

was discovered by a neighbor, who sent in a telephone alarm. A short time later an alarm from box 41 was pulled in and several companies responded.

When the fire broke out there was no one in the house, the family being out of town, while the doctor was attending a sick call. It is believed the fire started from an overheated stove in the basement of the ell, for a fire was built there for the first time in several weeks, this morning.

The interior of the ell part of the house is practically a total loss, while the other part of the building was greatly damaged by smoke; but the two front rooms, where there is antique furniture worth about \$4000, escaped serious damage.

At the time of going to press no estimate could be placed upon the damage, although it will undoubtedly be several thousand dollars.

ALLEGED BURGLAR IS  
ARRESTED BY POLICEHad Jewelry Stolen in Various  
New England Cities—Claims to  
be in Consumption

John J. Kearns, charged with breaking and entering the room of Wm. H. Pollock in Central street, and stealing therefrom articles of clothing and jewelry and three sets of fancy dice was arraigned in police court this morning. He had been arrested last night by Officer J. H. Clark and Inspector Martin Maher. The alleged break was committed on Wednesday.

Last evening the officers met the man in Merrimack street and recognized him from a description given by a person who saw him enter the room. He had a ladies' neck chain and locket of old pattern and in the locket was a photo of a man and a child. He also had a ladies' gold watch and chain.

This morning, he said he is 22 years of age and lives in the South End, Boston. He said he had been employed at the state sanitarium for tuberculosis patients at North Reading for two and a half years, and he himself became affected and suffered a severe hemorrhage. According to his statements he came to Lowell last Wednesday and committed several thefts. Later he went to Haverhill and then to Concord, N. H., and visited three or four houses there. He believes the ladies' locket and chain was taken in Concord, while the watch and chain were taken in a Manchester house.

Some of the Lowell property, he said, was disposed of in Manchester. Mr. Robt. B. Wood of Fort Hill ave., called at the station to examine the articles but failed to identify any of them as his.

Defendant said he never has been arrested before and stated that he hoped he will be sent to Rutland where he may receive treatment for his malady. His case was continued till next Wednesday while the police investigate with a view to connecting him with

other breaks in this city. He entered a plea of guilty.

**Other Cases Disposed of**  
George Sandas, charged with violating the milk law, had his case continued to July 24.

Charles Avari was accused of unlawfully removing baggage and was given a chance to settle up, the case being continued to August 19.

The trial of Andrew Lambras, charged with assault and battery was postponed to July 21.

**List of Drunks**  
Quite a gathering of drunken offenders were arraigned. Patrick Kelley was sent to jail for 20 days while John Campbell was sentenced to the state farm and appealed.

A Mr. McMahon appeared to complain against his two sons, Richard and Thomas, who were charged with drunkenness. He said both were idle and drank continually, giving him untold trouble. Richard was sent to jail for one month while Thomas was sentenced to 6 months and appealed.

A two months' stay in jail was given Bartholemew J. Sheehan, a third offender and Michael Rogers was disposed of likewise. Frank Fowler will spend four months in jail. John Morrissey was given a month to pay a \$6 fine and committed until he settles a previous fine of \$5, still unpaid.

## FUNERALS

**BOYLE**—The funeral of Johanna Boyle took place this morning at 8.30 o'clock from the residence of her son, 247 Salem street, and proceeded to St. Patrick's church where a high mass of requiem was sung at nine o'clock by Rev. Fr. Callahan. The choir sang the Gregorian chant. Mr. Johnson presided at the organ. There was a profusion of flowers, among them a large wreath on base from employees of Harvard Brewing company. The burials were David Cronan, Joseph McKenna, Frank McGarhan, Peter J. McKenna, John Keefe, James McGarhan. Interment was in St. Patrick's cemetery. Committal prayers were read by Rev. Fr. Callahan. Undertaker Davey in charge.

**KIRIAKOPULOU**—The funeral of Vasilis K. Kiriake took place yesterday afternoon at 1.45 o'clock from the rooms of Undertaker Savage. Service was held at 2 o'clock at the Holy Trinity Orthodox church the pastor officiating. The burial was in the Eden cemetery under the direction of Undertaker Peter Savage.

FINDING IN LAWRENCE  
BATH HOUSE TRAGEDYJudge Mahoney Says Unfortunate Calamity at Lawrence Was Due to  
Negligence of Supt. Battershill

LAWRENCE, July 19.—In his finding today of the inquest held recently on the drowning of eleven boys at one of the city bath-houses, June 30, Judge Mahoney places the blame on John O. Battershill, superintendent of public property, on the grounds of unsafe and insufficient construction of the runway which collapsed between shore and the bath-house, letting nearly 50 boys into the water.

After reviewing the evidence, Judge Mahoney concluded: "I am forced to the conclusion and so find that this unfortunate calamity was due primarily to the negligence of the superintendent of public property, John O. Battershill, in that the proper precautionary measures were not adopted by him to guard against the thoughtless conduct of these children, which said conduct was undoubtedly a contributing cause to the accident."

TARIFF DEBATE IN SENATE TODAY  
Sen. Simmons of Finance Committee Began His Explanation of the Bill

WASHINGTON, July 19.—The tariff debate in the senate began today when Chairman Simmons of the finance committee began his explanation of the bill. He reviewed what he termed the failure of the republicans to redeem their 1905 pledges to revise the tariff downward. The democratic party inherited this duty, he said, when it came into power.

"The bill now presented to the senate, it is confidently believed," said he, "is a fair interpretation of the will of the people and is an honest compliance with the pledges of the democratic party."

Amendments offered by the committee are not proposed in a spirit of disagreement with the house or to the theory of tariff revision upon which that body acted. They are offered

with a view to further carrying out and perfecting the principles of a revenue producing tariff upon the basis of competitive rates enunciated by the ways and means committee of the house as a just and fair interpretation in the light of existing conditions of the platform pledges of the democratic party upon tariff.

"Like the house, we have sought to find a basis of action which would untax the necessities of life as far as is consistent with the revenue needs of the government; which would lay the heaviest burdens upon the luxuries of the rich and which would impose upon those things which were neither prime necessities nor luxuries and which were proper subjects of tariff taxation, a rate sufficiently competitive to yield revenues adequate to meet the needs of the government on the one hand and on the other operate as a regulation of domestic prices by making outside competition at all times possible."

Charges that the bill dealt unfairly with the farmer, Senator Simmons declared to be without foundation. He enumerated many things on the free list, especially for the farmers' benefit, and said: "No class of our people has reaped as little benefit from the republican system and suffered as heavily from its exactions as the farmer. He knows that under the republican system he has had to buy in a highly protected market and sell most of his products on a basis of free competition with the world. There is in my mind no doubt that his verdict would be one of approval, especially in view of the fact that he will be among the first to feel the beneficent results of the transition to a tariff in the interests of the classes to a tariff in the interest of the classes."

**To Buy R. L. Trolley Lines**  
BOSTON, July 19.—Boston and Providence capitalists are forming a syndicate for the purpose of buying the Rhode Island trolley lines operated by the New Haven road, according to a report from an apparently authentic source published here today. Active in the Boston end of the plan are men who are interested in the Boston Elevated Railway Co., the Boston Consolidated Gas Co., Kidder, Peabody & Co., and Stone & Webster Co.

BULGARIANS SURRENDER  
Roumanians Take 12  
Large Field Guns

BELCHAREST, Roumania, July 19.—An entire Bulgarian brigade of the ninth division with its commanding general and 12 field guns surrendered to Roumanian flying column yesterday at Ferdinandov between Lom Palaka and Sofia. The captured brigade was acting as a rear guard and assisting in the retreat of Major General Kutucheneff's division when it was overtaken by the Roumanian cavalry and artillery and surrendered after a brief fight.

**Hundreds Destitute**  
GALVESTON, Texas, July 19.—Reports of destitution of hundreds of refugees from Sonora, Mexico, who have fled to Sabinas have been brought here by travelers. The refugees number from 2000 to 3000.

## Announcement!

Mr. Thomas H. Lawler wishes to announce to the people of Lowell and vicinity that he has purchased the business and good will of Charles M. Potter, successor to W. E. Potter & Son, real estate brokers, Hildreth building.

With a business experience of 25 years here in Lowell, and an intimate knowledge of the real estate business gained by study and personal investigation and experience, Mr. Lawler feels confident of satisfactorily meeting the needs of the public.

The house of W. E. Potter & Sons has enjoyed a large patronage for the past 36 years. During that time it has put through many of Lowell's largest real estate deals.

Mr. Lawler will also carry on in connection with the above, the business of insurance. This branch of the business will include insurance of every kind: Fire, Life, Liability, Automobile, Accident, Health, Plate Glass, Burglary and Theft. Bonding Insurance will be given special attention.

If you have property of any kind to sell or exchange, or if you desire to purchase property of any kind, or to get a valuation of any kind, or to place insurance of any description, call and see Mr. Lawler at his real estate and insurance office, 215 Hildreth building.

CLOSES SALOONS AND  
SUPPRESSES PAPERSeattle Mayor Takes Charge of  
Police and Issues Orders to  
Protect Citizens

SEATTLE, Wash., July 19.—Mayor Cotten issued today an order suppressing the publication of the Seattle Times on account of last night's riots. The Times has applied for an injunction restraining the mayor from enforcing his order. The mayor also assumed control of the police force and ordered all saloons closed, all street meetings stopped and the Seattle Times suppressed today and Sunday unless "proofs" are first submitted to him.

REPORT OF LICENSE  
BOARD PUBLISHEDReview of Work Done—Greater  
Supervision Over Amusement  
Resorts—Revenues Increased

The annual report of the license commission has been completed and is filed at city hall. The report is a most exhaustive one and contains numerous interesting and important facts regarding the license department and its operation and regulations.

Following are amounts received for the various license fees:

Sixty-four common victuallers of the first class at \$1300.....	\$1,900
Thirty-one dealers of the 4th class, at \$1200.....	37,200
Eleven holders of the first class, at \$1300.....	13,800
One holder of the fifth class at \$2000.....	2,000
Six clubs of the special class at \$300.....	1,800
46 druggists of the sixth class, at \$1.....	46
Two dealers in palms and chemicals, to sell pure alcohol, at \$1.....	2
Total.....	\$142,748

**Expenditures**

Following is a table of amounts showing the distribution of the receipts and expenditures for licenses:	
Liquor license fees.....	\$142,748.00
State tax.....	35,687.00
Receipts for city.....	\$107,061.00
Minor license fees.....	6,785.50
Total receipts for the city.....	\$113,846.50

Amount of money received for licenses and turned into the city treasury, minus state tax.....\$113,850.50

Expense for maintenance of the department.....3,333.06

Surplus.....\$109,517.44

On May 1, 1913, says the report, a new rule went into effect requiring dealers of the fourth class to obtain permits for the drivers of their delivery wagons. These drivers when licensed are furnished with cards which they must carry at all times while in the exercise of their employment. The drivers have to fulfil certain conditions in order to receive the permits.

**Traffic Marker Broken**  
The "Keep-to-the-right" sign at Merrimack square was put out of commission today, when a horse owned and driven by John A. Johnson of North Tewksbury, struck it and snapped it in two pieces.

The horse, hitched to a light carriage, turned the corner rather sharply and a wheel of the vehicle struck the sign, throwing it on one side. The four-bar which holds the sign was broken. The police officer at the square took the driver's name and later said he would be called upon to settle for the sign. A brand new sign was placed instead of the broken one.

The rates allowed pawn brokers on loans by them, were revised during the past year, as a result of a communication received from the supervisor of loan agencies, E. Gerry Brown. Under the acts of 1911 the rates, throughout the state as set by the various licensing boards, must be such as to satisfy the supervisor of loan agencies. The rates of the loan agencies of Lowell and of the pawn brokers were lowered, according to his suggestion. The new rates were sent to Mr. Brown, the state supervisor and approved by him. There was also an increase in the rates of hackney coachmen licenses, as a result of a petition by them. The new schedule was published in The Sun at the time.

**Amusement Resorts**  
With regard to the licensing of amusement resorts, during the past year, there is quite a little space of the report devoted to the action taken.

The cases have received particular notice. The commission on May 12, 1913 issued an order requiring the owners or lessees of halls in which musical, literary, dramatic entertainments, and dancing are held, or of baseball parks or other places of public amusement, to obtain license to maintain such places of public amusement. The commission because of the agitation against the new style of dancing, decided to be more strict in their surveillance of the public dance halls and a prohibition of the objectionable dances resulted.

The sum of \$6,785.50 has been received for the past year for the minor licenses issued. This represents the largest revenue ever received from this source. This fact is brought out by figures from the reports from the year 1907 to the present time. The 1913 receipts from the minor licenses are about \$500 in excess of the amount received from the same source this year previous.

The report is signed by the members of the license commission, John J. Mulhoney, Charles H. Hanson and Thomas P. Boulger.

**Civil Service Examinations**  
The following examinations will be held on Aug. 4 under the auspices of the United States civil service commission for the positions named in the office of markets, department of agriculture, Washington, D. C.

Specialist in co-operative organization, male, at \$2500 per annum; specialist in marketing perishable products, male, at \$2500 to \$3000 per annum; specialist in transportation of farm products, male, at \$2500 to \$3000 per annum; assistant in cottonseed marketing and utilization, male, at \$1800 to \$2000 per annum. In each case, the examination will include questions to determine the general education, fitness, ability and experience of the applicants.

**Mortality of Lowell**  
For the week ending July 13, 1913: Population, 106,274; total deaths, 23; deaths under five, 15; infectious diseases, 2; acute lung diseases, 2; tuberculosis, 2.

Death rate for the week ending July 13, 1913: 14.14 against 20.55 and 17.61 for previous two weeks.

Infectious diseases reported for the week ending July 13, 1913: Diphtheria, 1; measles, 16; smallpox, 3; tuberculosis, 1.

Board of Health.

# GREAT ODD FELLOWS OUTING

## Manchester Unity Lodges of Merimack Valley at Canobie—About 7000 Attend

With excellent weather prevailing, the first annual joint outing and field day of the Independent Order of Odd Fellows and Odd Ladies, Manchester Unity, was held today at Canobie Lake park. The affair proved to be a grand success and all within a radius of 50 miles were well represented at the park.

Beginning early this morning special cars arrived at the picnic grounds from this and other cities, filled with the picknickers, most of whom were women and children. During the afternoon the cars arrived in large numbers and by 2 o'clock about 7000 people had gathered at the park, about 50% of which are said to be residents of this city.

In the morning a special program was arranged for the children and a large number of the younger people took part in these events. The races were well contested and created considerable interest to the throngs of people who gathered to witness them. The morning program was as follows:

Fifty yard race for boys from 8 to 12 years of age 50 yards dash for girls from 10 to 14 years of age, three-legged race for boys under 15 years of age; skip-rope contest for girls; 100 yards dash for boys from 12 to 16 years.

To those who did not wish to witness the sports there were several other amusements, such as music, dancing and boating, while many sought recreation in the beautiful grove on the edge of the lake. No effort on the part of the committee in charge of this brilliant affair had been spared and the day was just full of amusement.

# IN OFFICE 35 YEARS PLAY A WAITING GAME

## Holyoke Truant Officer Dies at 68

HOLYOKE, July 19.—Thomas W. Doyle, aged 68, president of the Massachusetts Truant Officers' association, and for 35 years truant officer for this city, died at the House of Providence hospital yesterday after an operation for intestinal trouble.

He was born in Chicago, son of William C. and Ellen Doyle. He was a machinist by trade and was appointed truant officer in 1878 by the late Wm. Whiting, who was then mayor of the city. There were only three school buildings at that time. For more than 30 years he was the only truant officer of the city.

He was a member of Nonotuck Council, Royal Arcanum, Edwin A. Whiting Veterans' association and Holyoke Lodge of Elks.

He leaves a wife, two daughters, Ellen M. and Mary M.; a son, Dr. Frank W. Doyle; a brother, John of Holyoke; and a sister, Mrs. Mary Lawler of Windsor Locks, Conn.

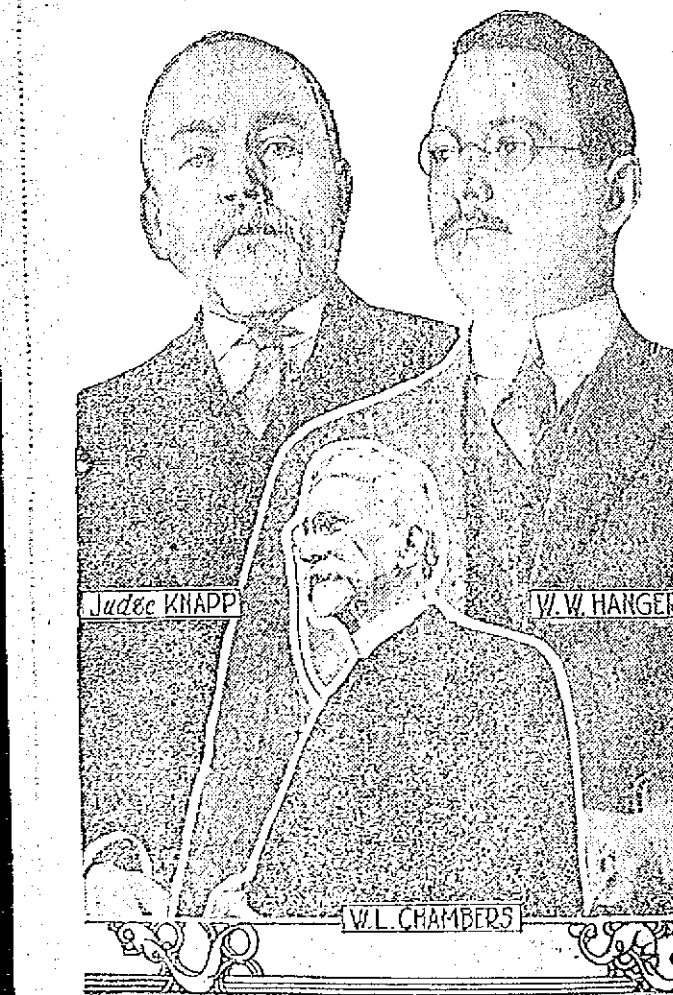

Sheep Store Leased

It is reported that the proprietors of the Walter's livery have leased the sheep store which adjoins their present quarters on Merrimack street in order to add to the size of their dining room. The occupants of the sheep store will vacate as soon after the first of August as possible.

Still Search For Body

The body of Marie Turner who was drowned at Lake Massawug on Thursday afternoon has not yet been found. Men under the direction of Undertaker McKenna grappled for the body until 1 o'clock this morning, the search being resumed about 7 o'clock this morning, but with no success.

# THREE MEMBERS OF BOARD THAT WILL CONSIDER RAILROAD DISPUTE

WASHINGTON, July 19.—President Wilson nominated a commission of three members of the board which will consider the railroad dispute. The members are Judge Knapp, W.W. Hanger, and W.L. Chambers.

WASHINGTON, July 19.—The senate committee on commerce and navigation today held a hearing on the proposed bill to amend the law relating to the arbitration of labor disputes. The bill was introduced by Senator William H. Burton of Ohio.

# \$2000 WORTH OF JEWELS MILK 12 CENTS A QUART

## Girl Exhibited Them in Jump in Price at the Dry Goods Store Beaches

BURLINGTON, Vt., July 19.—The price of milk has taken another skyward bound at the beaches and from Revere and Nantasket, in particular, are sounding deep, angry protests and demands for the reason for the increase. Actual suffering has come as a result to several of the families of poorer permanent residents, who, unlike the vacationists, cannot afford the price demanded.

The firm of D. Whiting & Sons last week jumped the price to 10 cents per quart at Revere, and it was then thought that the limit of charge for this necessity of life had been reached, but the customers of the Whiting company are now notified that the price of milk is now raised to 11 cents a quart.

At Nantasket beach the Whiting company is asking and receiving 12 cents a quart for milk, and they supply practically all the milk used at Nantasket, they state. Other dealers are furnishing the beach residents with milk at 8 and 10 cents a quart, and they declared yesterday that they feel there is nothing to warrant exorbitant more.

From the offices of the Whiting company it was declared that the reason for the increase at Revere is because of the cost of transportation. Several trips a day by motor cars being necessary to carry the milk there.

It was stated that the demand is for a very good quality of milk, so the "Crown Brand" milk is delivered at Revere. It was also stated that instead of using the ordinary paper caps on caps similar to those used on beer bottles are placed on the milk bottles, thus making it impossible for unscrupulous milkmen to remove the cap, pour off the cream and refill with ordinary grade milk.

# RUN ON BANK CONTINUES

## Many Depositors at New Haven Institution

NEW HAVEN, Conn., July 19.—The run on the New Haven Savings bank which began yesterday, continued today but with decreasing force. A large crowd of depositors, many of whom were unsuccessful in getting into the bank yesterday, was on hand when the institution opened at the usual hour this morning.

Several priests were there assuring their parishioners among the depositors that there was no cause for alarm and Mayor Frank Rice made a speech to the crowd along the same lines. These efforts apparently had their effect, as many left out of their places in the line and left the bank.

At the same time a large number of deposits were made and some of those who had withdrawn their savings put them back in again.

# ROOT FINDS INCOME TAX FLAW

## Believes Income Accruing March 1, 1913, Cannot Be Taxed—Proposed Amendment

WASHINGTON, July 19.—Senator Elihu Root proposed an amendment to the income tax provisions of the tariff bill yesterday which would make the income tax apply solely to incomes accruing after the bill becomes law. The bill proposes to tax incomes received after March 1, 1913. The house bill proposed to tax incomes beginning January 1, 1913.

Senator Root said that it would be impossible to enforce the tax against incomes received between March 1 and the date the new law goes into effect. "I believe," he said, "that the courts would hold that incomes received before the law goes into effect become a part of the property of the person taxed and that it would be found impossible to apply the income tax law provisions to it. An income becomes a part of principal after it is received."

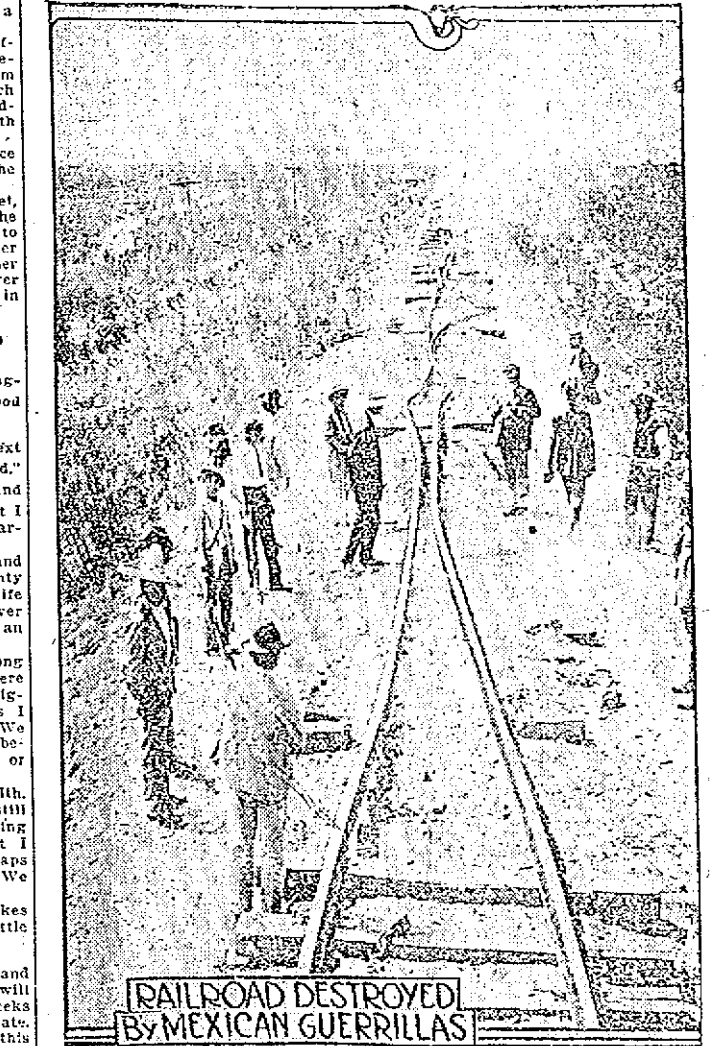

# FOR FLEET OF CRUISERS

## German War Ministry to Increase Service

BERLIN, Germany, July 19.—The German war ministry is preparing a bill to supply the army with new artillery, according to the Mitteleuropaische Correspondenz, which is usually well informed on military matters.

According to the same source it is learned that the German ministry of marine has prepared a bill providing a fleet of cruisers for foreign service.

# THIS PICTURE SHOWS WHAT SORT OF TROUBLE MEXICAN GOVERNMENT HAS

CITY OF MEXICO, July 19.—News from the northern section of the country where the guerrillas are most numerous show why foreign governments are protesting against conditions. The bands of guerrillas have destroyed much railroad track that transportation is demoralized. Passenger traffic to the north is practically suspended, and many branch lines have been abandoned. Workmen can repair the tracks only when guarded by troops, and the troops are busy trying to find the marauders.

# MAYOR ASKED TO APPEAR WALSH FOR GOVERNOR

## Before the Investigating Committee at Boston

Mayor O'Donnell has been requested to appear before the investigating committee of the legislature at the state house on Tuesday afternoon at 2 o'clock. The committee is investigating the tuberculosis situation in Massachusetts and considerable stress is being laid upon the disposition of cities to shirk their responsibilities relative to the control of contagious disease or isolation hospitals. The committee will ask the mayor to explain why Lowell has neglected to establish an isolation hospital after having been requested to do so by the state board of health. The mayor has been requested to take anybody and everybody along on Tuesday who is or are in any way interested in the hospital question, and it is expected that the mayor will be accompanied by other members of the municipal council and the chairman and agent of the board of health.

HON. DAVID I. WALSH

PAID \$4650 TOO MUCH ALIMONY

Sutton Finds That His Former Wife Remarried Six Years Ago—Payment Cut Off

NEW YORK, July 19.—Supreme Court Justice Goff signed an order yesterday cutting off alimony of \$15 a week from a woman who has been collecting it from her first husband during six years that she has been married to a second.

The alimony was paid by Eugene D. Sutton, who was divorced by Mrs. Isabelle Sutton in 1902. Since that time Sutton has continued to pay \$15 a week through his wife's attorney, William M. Sullivan.

He had no idea that his wife was married again until his daughter, Mrs. Justine Sutton Gray, began nagging against her husband, John Boyd Gray, a broker, when he found that Mrs. Sutton was married to Edgar Bates Sharpe in 1907.

Mrs. Sharpe admitted that she married Sharpe six years ago and that she believed she was justified in keeping her marriage a secret and accepting alimony from Sutton because of the hardships she endured in providing for her two children before she married Sharpe. She said that her second husband was well able to provide for her and had urged her to give up her alimony. But she refused because I wanted Mr. Sutton to have as hard a time as possible.

# LOBBY COMMITTEE RESTS

## Will Push Work at Next Week's Session

WASHINGTON, July 19.—The senate lobby committee rested today with one-third of Martin Mulhall's correspondence thus far identified. Mulhall had left the city to return for a reopening of the hearings Monday. Chairman Overman will endeavor to push the work of identifying letters next week, but it will be at least a week before the routine examination of Mulhall is concluded.

Officers of the National Association of Manufacturers are waiting for more than 1000 letters to start their defense against Mulhall's wholesale accusations of lobbying and campaign work on the part of the directors of Mulhall upon the various charges that he had helped elect and defeat candidates for congress and had exercised greater influence in legislation and in political affairs probably will not start for two weeks.

# CITY HALL NOTES

Purchasing Agent Foye has received a requisition from the street department for 15,530 feet of spruce lumber for the repair and reconstruction of bridges. Bids will open at the office of the purchasing agent on Wednesday at 10 a.m.

The Sprague City band will give a concert on the North Common tomorrow, Sunday night, at 8 o'clock. This will be the first in a series of municipal band concerts to be held on the North and South commons.

Mr. and Mrs. Freeman M. Bill and daughter, Marion and Ruth, will spend the next ten days or two weeks touring through New York state. Mr. Bill and family left Lowell this morning and will go by Pittsfield and Albany as far as Buffalo, N. Y. Mr. Bill will combine business with pleasure and will visit several business concerns en route.

To Restore Navy Captain

WASHINGTON, July 19.—Restoration to the navy of the late Captain Benjamin D. Smith with the rank of rear admiral is proposed in a bill introduced by Senator Martin. Captain Smith was killed by the "plucking board." Friends contend he had been the victim of unusual circumstances.

# U. S. SAILORS "CLEAN UP TOWN"

## Attack Socialist and I. W. W. Headquarters in Seattle—Make Bonfires of Furniture

SEATTLE, Wash., July 19.—While the officers of the Pacific fleet reserve of the United States navy were dancing at the army and navy ball in the state armory late last night and early today several hundred of their sailors and marines were marching through the streets of the city, denouncing the Industrial Workers of the World and the Socialists. The sailors, dressed in their uniforms, carried torches and banners, and were shouting slogans. They first attacked the headquarters of the Industrial Workers of the World, which was located in a building on Third street. The building was set on fire, and the furniture was burned. The sailors then marched to the headquarters of the Socialists, which was located in a building on Second street. This building was also set on fire, and the furniture was burned. The sailors then marched to the headquarters of the I. W. W., which was located in a building on First street. This building was also set on fire, and the furniture was burned. The sailors then marched to the headquarters of the Socialists, which was located in a building on Second street. This building was also set on fire, and the furniture was burned. The sailors then marched to the headquarters of the I. W. W., which was located in a building on First street. This building was also set on fire, and the furniture was burned.

The police offered no resistance to the sailors. Some of the officers said that all the force was busy handling crowds attending the Golden Pothos festival and no reserves were available to cope with the rioters. The sailors then marched to the headquarters of the Industrial Workers of the World, which was located in a building on Third street. The building was set on fire, and the furniture was burned. The sailors then marched to the headquarters of the Socialists, which was located in a building on Second street. This building was also set on fire, and the furniture was burned. The sailors then marched to the headquarters of the I. W. W., which was located in a building on First street. This building was also set on fire, and the furniture was burned.

Secretary Daniels was at the army and navy ball when told of the extent of the damage done by the rioters. He said it would not be fair to ask him to discuss the outbreak, because he knew nothing about it. Concerning his speech at the Banter club in which he glorified the Stars and Stripes and condemned the red flag, he said: "What I said last night concerning patriotism had no reference to any local situation. In fact I don't know any thing about local troubles, if you have any."

I did not mention the Industrial workers of the world nor did I know that organization had obtained a foothold here. I confess that my brief talk on the day was not made here for the first time but was a repetition from my speech at Erie, Pa.

Admiral Halsey, commander of the reserve fleet, expressed regret at the outbreak of which he had heard only indefinite rumors. He was, therefore, not in a position to discuss the rioting, he said.

The admiral continued: "While I was at dinner with Secretary Daniels at the West Virginia hotel, I was told that the rioters were coming. I was not in a position to discuss the rioting, he said."

Millard Price, a socialist leader, when news stated was wrecked early in the night, stated that the loss to the socialists would be about \$2000. The sinking of the Salvation Army's center by the mob was due, he said, to the finding of numerous chairs in the place.

These, the sailors believed, indicated that it was a rendezvous of Industrial Workers. By the light of matches the sailors began to break the chairs and benches. One sailor, who had a heavy chair, proceeded to demolish the organ. Suddenly one of the men tearing down a motto "God is Love" from the wall started back and said: "Boys, we're all wrong."

A sign that had been stamped under foot read: "God only loved the world that He gave His only begotten son."

Some of the sailors shouted to their comrades to stop the smashing and word was passed in that the place was a Salvation Army meeting room. Some of the sailors refused to stop their demolition of the furniture, saying: "What's the difference?"

Half a dozen policemen aided by some of the sailors cleared the building of wreckage but not until much damage had been done.

MR. THOMAS BODKIN

Well Known Here Gets a Great Reception in Reconnection After An Absence of 50 Years

Mr. John Bodkin, of Adams avenue, has received a copy of the Roscommon Journal giving a lengthy account of a demonstration at Lanesboro in honor of his brother Thomas Bodkin, who arrived there recently on a visit to his native place after 50 years' absence.

Mr. Bodkin hosted the stars and stripes on the bridge crossing the river, and in reply to addresses of welcome made a speech expressing his pleasure at the visit and the prospect of still greater progress under home rule.

Mr. Bodkin has been a frequent visitor in Lowell but has resided in Providence of late.

THOMAS DOYLE

Official of Trunk Officers Association Dead at His Home in Holyoke, Mass.

Mr. Thomas F. Doyle, president of the Massachusetts State Trunk Officers association, passed away at his home in Holyoke, yesterday morning. He was one of the prime movers in organizing the association and was its president for fourteen years. William F. Thornton of this city is vice-president of the association.

DOUGLASS' ICE CREAM SODA and Confectionery Store

In the Old City Hall Building and Candyland, in the Broderick building, are the finest in this city and no one can afford to pass them up. If you want the best ice cream or soda, give them a trial and you will be a steady customer. There is nothing better than the best, and that is the only kind that is served at each of our stores. They can please you at the Boston candy store.

# AUTOMOBILE NEWS

## FIRE AUTOS IN SERVICE

### Philadelphia Has the "Barrett Idea"

The Municipal Journal publishes the following items of interest to motorists and cyclists:

More Fire Autos in Service

PHILADELPHIA, Pa., July 19.—Three more of the special motor cars that have been provided for the fire department by the Barrett Motor Car Co. have been put in commission. There are now in service five such vehicles and one department chief's car. Director Porter, of the department of public safety, said that during the coming week the department will advertise bids for additional fire apparatus, but just what models will include was not ready to say. As soon as all the improved fire vehicles have been received, the director said a fire parade will be held. This probably will be next October.

Martin Tractor Demonstrated

TOLEDO, O., July 19.—Mayor Whitcomb's good opinion of motor-driven fire apparatus was strengthened when he was carried down Jefferson avenue on a motor-driven fire engine at the rate of 25 miles an hour. The mayor also enjoyed a ride on the engine drawn by a Martin tractor. The machine easily demonstrated how a heavy engine could be pulled up a hill. The Jefferson avenue and Adams street hills, from Water to Summit street, were climbed without difficulty. Once the driver stopped the tractor and engine at the center of the incline, then started ahead at a good rate of speed, in going down hill the heavy engine was stopped at will and was under perfect control.

Apparatus Sent to Lomita Park Fire

SAN MATEO, Cal., July 19.—Motor-driven fire apparatus went to the aid of a sister city ten miles away, when flames threatened to wipe out Lomita park, a residence section of San Bruno. Reins without fire-fighting facilities, San Bruno appealed to San Mateo and Hillsborough, and in less than fifteen minutes the powerful auto chemical engines were on the scene. The run was made along the newly paved state highway, and the big machines laden with firemen reached a speed of fifty-five miles per hour. The fire broke out in the home of Louis Roberts, engineer for the Spring Valley Water company, and quickly spread to the house of S. K. Frazer. Fanned by a stiff wind, the

blaze threatened to destroy all the houses that were in its path. As the flames were leaping to the next house in line the fire apparatus from San Mateo and Hillsborough arrived, and in a few minutes the fire was under control. The run was the initial one of the Hillsborough Fire department. After the fire was under control the San Mateo machine was sent back and Chief Walter A. Grant and Assistant Chief C. M. Hirschy took charge of the situation.

Demonstrate Tractor

BOSTON, Mass., July 19.—Several manufacturers of tractors for city fire departments are busy in interesting the Boston Fire department officials in their products. A Providence concern sent a fully equipped motor-driven fire engine over the road, the trip taking only three hours, and the machine was driven through the business district, stopping at various points and permitting the citizens to examine it. The driver was accompanied by Eugene M. Dymally, superintendent of the Boston Fire department repair shop. The machine stopped on School street, in front of city hall and the mayor went out to inspect it. Fire Commissioner Cole is not ready to say that the tractor for fire engines is entirely suitable for Boston's use, but included in the \$300,000 recommendation recently sent to the mayor for motor equipment, provision was made for the purchase of eight or ten tractors. They cost about \$4500 each, and can be added to the engines now in the department.

St. Louis Adds to Its Automobiles

ST. LOUIS, Mo., July 19.—The automobile equipment of the city of St. Louis is growing at a rapid rate. The last week the addition of no fewer than twenty-nine machines was provided for. Five of these were Baker electric trucks, which were bought by the board of education for use in delivery service between the office of the board of education and the city. A garage for these machines as well as for other automobiles in the service of the board has been provided on School street, just east of Grand avenue. The board has its own power plant in the Central High school, a short distance from the garage, and this plant will be used in charging the batteries of the electric trucks. Twenty-four automobiles were bought by City Supply Commissioner Joseph B. Thomas for the service of city departments, just east of Grand avenue. The board has its own power plant in the Central High school, a short distance from the garage, and this plant will be used in charging the batteries of the electric trucks. Twenty-four automobiles were bought by City Supply Commissioner Joseph B. Thomas for the service of city departments, just east of Grand avenue. The board has its own power plant in the Central High school, a short distance from the garage, and this plant will be used in charging the batteries of the electric trucks.

of the Industrial school, the city fostered the building inspector and the superintendent of the Fire and Police Telegraph; two Buick four-cylinder six-passenger touring cars, 1914 model, to serve the street commissioner and the supply commissioner; two five-passenger four-cylinder Cadillac touring cars, to serve the building commissioner and the water commissioner. Much of the new purchase replaces antiquated cars which are disposed of as a condition of the new purchase. The present automobile equipment of the city includes, exclusive of the machines used by the police and the Board of Education, thirty-five runabouts, five touring cars, light ambulances, four automobile fire engines and four fire department service trucks.

Motor Fire Truck Has Been Shipped

JANESVILLE, Wis., July 19.—Janesville's new motor propelled hose wagon and chemical engine has been shipped from the Seagrave company's factory at South Columbus to Janesville and is due to arrive within a week. According to the contract made with the city delivery was guaranteed within ninety days' time, which period expired May 4. In view of the fact that the Seagrave company's factory suffered from the floods the completion and shipment of the truck at this time is a pleasant surprise to the Council and Fire Chief Henry Klein who had anticipated a more serious delay. A demonstrator will be sent by the manufacturers of the truck to put it through its paces before it is accepted by the city. He will instruct the firemen in the operation of the machine if the council and fire chief find it satisfactory as seems very probable. Until the truck is accepted and put into actual service it will be kept at the west side fire station. Its permanent home will be in the east side fire station and it will serve as a fire police patrol as well as a hose and chemical wagon.

Fire Apparatus Wrecked

SOUTHAMPTON, N. Y., July 19.—There was great consternation among members of Southampton Hose Company No. 1 on morning recently when it was ascertained that during the night the motor hose truck had been taken out of its house by unknown parties and almost completely wrecked. The truck had been at Southampton during the evening. One of the members of the hose company says whoever had the truck was either inexperienced in driving or was intoxicated. The truck was recently acquired by the company, and it took much time in it. A meeting of the company will be held for the purpose of making an investigation into the matter.

Canoe Lake Park

Two hand concerts by the Nashua Military band, Ralph W. Holt, director, will be given Sunday, July 20, 1913, at 4 p. m. The program: March—"Battle of Marston." Overture—"Zampa." BASEBALL AND  
FIELD SPORTS

## THE SUN SPORTING PAGE

BOXING, GOLF  
AND ATHLETICS

## Live Bits of Sport

Day off, yesterday.  
Many local fans went to Lawrence.

"Hooray for Maranville," this afternoon at the Walpole street ball grounds, Boston.

Sam Langford has returned from Australia to San Francisco after an absence of about two years and is now looking for someone to face him in the ring. Both Arthur Pelkey and Jess Willard, two men who could give Langford quite a period of activity, have announced their determination to fight him but while aspirants and yet no other man has been found to meet the colored whirlwind.

The transferring of games scheduled to be played at Fall River, to other cities has given rise to a feeling of dissatisfaction, which it must be conceded, is not unwarranted. The distasteful necessity of baseball is by action of this kind brought home to the lovers of the game and of team sport in a manner that is too forcible and has turned more than one genial fan into a "knacker." And let it be said, that the presence of contentious "knackers" men who are quick in their perception of the significance of unpopular deals, is a great inducement to keep the game as clean as a professional contest where money is involved can be kept.

Baseball owners and promoters are not begrudging the profit they may gain out of the sport provided they make it sufficiently evident that it is their intention to stand for clean baseball and to eliminate the undesirable. Baseball is for the people, not for their financial advancement but for their amusement and if the first and earnestness is taken from the contest in order that the promoters may increase their returns, the management is due to become unpopular at once.

To the person who has been neglected in his consideration of these various phases and who as a consequence, has been fooled into believing that a team in which his hopes are centered is fighting honestly for the championship, when in reality it may be weakened daily in one way or another to enrich the owners, the conversation of a group of honest and intelligent knackers will be a decided revelation. When two or more fans get together, these things are discussed in full.

One of the principal set backs is the selling of players, a custom which is followed by the management of many

teams and which in not a few cases has received a great deal more attention than has the character and ability of the team. It should be the manager's aim to strengthen his nine and to make a strong fight for the pennant, but this is impossible if his team is nothing more than a retail stock farm to which he signs up a player to sell him to one of the big teams. Instances of this are not uncommon.

And so, when the attendance at the games begins to show signs of a decline, it is not because the interest in baseball is falling off, but is rather a sure sign that there is something radically wrong with the team or its management. These matters have been emphatically commented upon by men who have previously to this season, been ardent fans and who are now in the ranks of the confirmed knackers, not because they love the hammer, but because they have the backbone to express their honest opinion and to stand in back of it. The saying of P. T. Barnum, that the public likes to be fooled does not apply to baseball; a fact which must at the present time be evident to some of the promoters.

## SPORTING NEWS

If the American tennis team is fortunate enough to come through the final round of the Davis cup world's championship match now being played at Wimbledon, its members will face England's cup defending four on the same courts during the coming week. As was the case when McLaughlin met Wilding in the English singles titular match, it will be a case of youth and ambition vs. seasoned maturity and experience. In John C. Parke, C. P. Dixon, H. Roper-Barrett and A. W. Gore, England has a quartet of players who, if not absolutely top-rankers in the tennis world, are racket wielders accustomed to both national and international play.

Gore held the English singles title in 1901, 1903 and 1905, finally losing to Wilding. Roper-Barrett and Dixon won the doubles honors in 1912 and Gore and Roper-Barrett in 1909. Parke represented England in the cup series of 1908, 1909 and 1912; Dixon in 1909, 1911 and 1912. Against these players the United States has two former internationalists in McLaughlin who played for the cup in 1909 and 1911, and Hackett, who was an American representative in 1908 and 1909. The lineup will probably find Roper-Bar-

rett and Dixon as England's representatives in the doubles, with Parke, Dixon and possibly Roper-Barrett in the singles. Gore is likely to be a reserve. For the United States, Maurice E. McLoughlin and R. Norris Williams 2d should play in the singles, with McLoughlin and Capt. H. H. Hackett as partners in the doubles and Wallace F. Johnson as a reserve.

During the English championships McLoughlin defeated Roper-Barrett 4-6, 8-6, 1-6, 6-2, 8-6, which was the only instance where the American and English cup players were brought together by the draw. Parke is the player most generally feared by the Americans in the singles. In the northern championships of England on June 1 he defeated Wilding, who vanquished McLoughlin a month later, in a five-set match, 6-2, 7-5, 6-8, 2-6, 7-5. This was in line with his great win from Norman E. Brookes in Australia last winter when he won, 8-6, 6-3, 5-7, 6-2. Parke, as well as Dixon and Roper-Barrett, are veteran tennis strategists who will pit skill, stroke and tactics against the Americans' youth, speed and endurance.

The owners of promising field dogs are already shipping puppies to the northwest and Canada for training preparatory to the various field trials scheduled for late autumn and winter months. Several hundred young pointers and setters are at present in the hands of experienced trainers and more are arriving every day. Training on prairie chickens is considered the best possible preparation for the Derby, American Futurity and other field classics, which to the breeder of field dogs assumes the same importance that the suburban and metropolitan holds for turf enthusiasts.

The entrants for the next Derby, which is open to dogs born after January 1 of the preceding year, have a long string of workouts ahead of them before they will be ready to qualify for the held classic of the canine sporting world. Following the prairie chicken training, the dogs are gradually worked south just in advance of the cold weather. Leaving the prairies of the northwest late in September, dogs and trainers move to the southern states where quail take the place of prairie chickens in the second course of field education. All through the winter and early spring the training continues, and when summer arrives the puppies, now in their second year, are sent north again for the finishing touches.

It can be seen readily that puppies whelped early in the year have a distinct advantage over those born nearer midsummer, since they reach training

ago in time to secure virtually eighteen months of work under skillful handlers before being called upon for the Derby effort. It is this early start that is the ambition of every owner of a possible Derby contender. During the coming autumn and winter more than thirty trials will be held throughout the country with prizes and trainers' fees amounting to thousands of dollars. These prizes and championships are as eagerly sought as the trophies and titles in other departments of sport, and the sportsman who shoots over a dog together with the man who breeds field dogs for the love of the game attends or follows the details of the trials with an interest and enthusiasm not surpassed by the devotees of baseball, racing, athletics and kindred competitions of skill and endurance.

## JOE WOOD INJURED HAND

In Game Against the Tigers Yesterday

Holding the Red Sox down to four meagre hits yesterday, Daus pitched Detroit to victory by a score of 5 to 1. Up to the eighth inning, the Boston team had connected for but one hit but in that inning, by bunching singles, they managed to tally their only run of the game. Wood, Mosely and Hall represented Boston at the slab and altogether Detroit got eight safe ones. Joe Wood, in fielding Veach's grounder early in the game, injured the thumb and joint of his right hand and, it is said, may not be able to pitch again for about two weeks.

The score:

DETROIT		BOSTON

Time: 1:54. Umpires: Connolly and McGreevey.

## CHAPPELLE WAS NERVOUS

Chicago Recruit Talks of First Big League Game

CHICAGO, July 19.—Larry Chappelle, the coil purchased by the Chicago Americans from Milwaukee for \$18,000 spent a nervous afternoon in center field at the South Side park yesterday. It was his first appearance in a White Sox uniform and he sighed with relief at the last out.  
"Breaking in is no cinch," he announced at the clubhouse. "So much had been written about me that I felt like I ought to pound out a homer every time I went to bat. I was un-lucky enough to make my bow with Chief Bender on the slab and going good. I was nervous because I knew I was being watched and so perhaps I did not do as well with the stick as ordinarily. That will wear off in a hurry. I know I can field and throw well enough to hold my own here and after I get my first hit things will look different."

## ASTOR'S BALL TEAM IN COURT

Manager Fined \$3 for Game Played on Sunday at Poughkeepsie, New York

POUGHKEEPSIE, July 18.—William Moakley, manager of Vincent Astor's Rhinebeck baseball team, and Ernest North, manager of the Red Hook baseball team, were fined yesterday \$8 each by Justice of the Peace Gardner after a long trial at Rhinebeck and the players of each team were allowed to go under a suspended sentence after pleading guilty to a violation of the Sunday baseball law.

The managers of the teams, together with the players, were arrested last Sunday by Dutchess County Sheriff Fred Hornbeck and a force of deputies as they attempted to play ball at Rhinebeck.  
A petition signed by 250 residents of the two villages and a minister asking that the court be lenient with the accused ball players was presented by the attorney for the defendants.

New Club Will Present an All Star Show to Its Members at Spaulding Park on July 26th

The management of the Triangle A. A. has definitely announced its card for the next entertainment which will be held exclusively for members on the

AMERICAN CANOEIST EASILY DEFEATS  
CANADIAN AND RETAINS THE TROPHY

NEW YORK, July 18.—Still another country has failed to lift a cup from America. The latest attempt ended when Leo Friede, representing the New York Canoe club, sailed his tiny mahogany craft across the finish line, off the Marine and Field club at Bath beach, two minutes and twelve seconds ahead of Ralph B. Britton, representing the Gananoque Canoe and Motorboat club, challenger for the historic International Sailing Canoe cup, which has been kept in this country since it was first offered in 1877. The contest was hardly a race. The Canadian never had a chance. Friede increased his lead on every round. Only before the third round did Britton show to any advantage. The contest was over in a matter of minutes. A number of the players lined the bank, and when Morris reared the edge of the bank, thrust a baseball bat out for him to reach. Still holding Shelley with one hand, he caught the bat and a few seconds later was pulled ashore. Shelley was revived within a short time and later taken to his home.

## BOY FALLS INTO RIVER

Keene, N.H., Ball Player Was Chasing Fly

KEENE, N. H., July 18.—George Shelley, 14, left fielder on the Keene baseball team, during a practice game yesterday afternoon at the ball park, fell into the Keene river in running after a fly ball, and but for Stewart Morris, second baseman of the team, who dove into the river and rescued him, he would have probably drowned. Morris ran into left field to receive the throw in from Shelley, and was quite near when the left fielder slipped on the bank and fell headlong into the water. He shouted to the other players and running to the river bank, plunged in. He caught Shelley and held him above the water and swam toward the shore. A number of the players lined the bank, and when Morris reared the edge of the bank, thrust a baseball bat out for him to reach. Still holding Shelley with one hand, he caught the bat and a few seconds later was pulled ashore. Shelley was revived within a short time and later taken to his home.

## HELD FOR MURDER

Police Say Woman Confessed to Killing Her Daughter and Shipping Body in Trunk

SALT LAKE CITY, Utah, July 12.—At the conclusion of a hearing in court here yesterday, Mrs. Augustus Ekman was formally charged with first degree murder and held without bail. Salt Lake and Ogden policemen related her confession of how she killed her 12-year-old daughter Frances and took her body in a trunk to Ogden.

## CALL FOR HARKIN'S

**SOCIAL TEN**

ALL DEALERS—10 CENTS

No wonder that every judge of a good cigar asks for a Harkin's Social Ten, as it leads all others. For sale by all dealers. Try one and you will smoke no other.
